

RISHABH GUPTA

Kohinoor Pearl, Dewa Road, Lucknow - 226028 | +91 7652063932 | rishabhpost@gmail.com

PROFILE

An experienced Salesforce Vlocity Developer with professional experience as a Derivatives Trader looking to create products that bring out the best of both worlds. An extremely skilled and motivated individual with the intellectual curiosity to broaden and apply my knowledge while producing exceptional solutions.

EXPERIENCE

LEAD ENGINEER | APISERO | SEP 2021 - PRESENT

- Implementing the complete Salesforce SDLC as part of the Salesforce Service Delivery team
- Working on projects that employ the complete range of Vlocity tools (OmniScripts, Flexcards, DataRaptors, Integration Procedures) as well as Salesforce features including Admin, Apex, Async Apex and Lightning Web Components
- Certified OmniStudio (Vlocity) Developer and currently pursuing Platform Developer I certification

MARKET ANALYST | FUTURES FIRST | AUG 2019 - AUG 2021

- Actively traded Brazil DI1 Futures and Canadian BAX Futures while designing and executing strategies through extensive fundamental, technical and graphical analysis of historical and live data
- Individually monitored and analyzed global macro/micro-economic events, FX rates, Bond Auctions, CDS Rates, Bond Yields to execute trades and manage my own trade book and P&L

WEB DEVELOPMENT INTERN | CLOUDIFY TECHNOLOGIES | SEP 2018 - OCT 2018

- Worked with the front-end development team on creating the company's flagship app FellowApp
- Used ReactJS for front-end development and NodeJS for back-end API development

WEB DEVELOPMENT INTERN | DREAMLADDER CAPITAL | MAY 2018 - JUN 2018

- Developed the Mutual Fund Investment startup's front-end using HTML, CSS, JS
- Integrated the website with Mutual Fund AMCs for 3rd party back-end functionalities

EDUCATION

B.E. - CHEMICAL ENGINEERING | JUN 2019 | BIRLA INSTITUTE OF TECHNOLOGY, MESRA

INTERMEDIATE - SCIENCE | MAR 2014 | LUCKNOW PUBLIC SCHOOL/COLLEGE

SKILLS

- Vlocity, SF Admin, Apex Triggers, SOQL, Async Apex, Aura Components, Lightning Web Components
- Ability to think clearly and make quick decisions while working in a fast-paced environment
- Well organized and a disciplined approach to work with high-level attention to minute details
- Programming experience in Python, JavaScript, Apex.
