PROJECT(S)

IDFC FIRST BANK (FORMERLY CAPITAL FIRST)

Duration: November 2016 to Present

Role: Senior Developer

Team Size: 150 +

IDFC FIRST Bank is an Indian bank, an integrated infrastructure finance company that has multiple line of business (LOB) offering financial solutions through its nationwide branches, internet and mobile.

IDFC First provides loans to customer for 6 major products: Consumer Durable, Two Wheelers, Used Car, Personal Loans, Loan Against Property, and Business Investment Loans. Main objective is to track the customer loan through a unique CRN across all the associated IT systems using Centralized Salesforce CRM system.

Responsibilities:

1. Responsible for delivering applications starting from Requirement gathering, Impact Analysis, Design, Documentation to development right till testing and deploying it to production sandbox
2. Involved in **multiple LOB** like Consumer Durable, Two Wheelers, Used Car.
3. Developed **Top-Up Module** for Consumer Durable Loan (Offline, Online, Semi Online, Paperless, Non- Paperless, OPEN MARKET EBC journeys) and take part in development of Multiple BU projects.
4. Worked on different **Lightning components, Lightning events, Apex classes**, Apex triggers, VF Pages, Third Party Integrations, Community development as per requirement.
5. Building multiple SLDS Pages for seamless integration into the lightning experience while creating data, with their complex validations, and rendering requirements.
6. Worked on enhancement of finance related third party APIs like POSIDEX, SCORECARD, FINNONE, PAN NSDL, PERFIOS etc.
7. Worked on various Dealer Integrations for Dealers like **APPLE, FLIPKART, CROMA, KHOSLA, PINELAB, VIJAYSALES, RELIANCE, TKYL** etc.
8. Developed **EKYC & CKYC Management System, Document Management System** for various LOB using Lightning Flow.
9. Worked with Custom Metadata, Custom Settings, Custom Labels
10. Worked in Profiles, Sharing Settings, Process Builders, Workflows, Approval Process, Queues, Groups, Role Hierarchy etc.
11. Along with Development, actively take part in Deployment Activities and Support Activities.
12. Code Review, Team Coordination and management.
