Highest CGPA holder for academic year 2014-2015

Winner of SudoKodes - TechIdeate'17 events

Launched first TechIdeate app on Google Play Store

Student Representative for academic year 2015-2016

## PROJECTS

### US Lacrosse

- Received following feedback from Tom Burre: In the past two months or so, I've worked with Anushika on an every-other day basis as a pseudo tech lead. In that time she has proven to be an excellent Salesforce developer, capable of coding complex Apex, custom Lightning Components (including learning and assisting on some LWC), and standard declarative Salesforce best practices. In Apex, she is competent at Apex Triggers, the TDTM trigger framework for NPSP and EDA clouds, Batch Apex, and Apex Unit Testing. She works diligently in understanding the business requirements for which she is building for to provide a quality solution. At times when there is misunderstanding, she quickly grasps what is needed next and delivers in a timely manner. Even in these uncertain times we all face, Anushika has been reliable, communicative, and able to deliver her responsibilities. She is a valuable Salesforce developer at Appirio.

## EDUCATION

### Bachelor Of Technology Manipal University Jaipur

08/2014 – 05/2018

## PROJECTS

### Pure Storage

- • Received feedback for working on Pure Storage: 'Anushika has been an important part of the PureStorage Team. She Generates more work than expected even when working under pressure and tight deadlines. Meets all deadlines and makes the best use of time. Has strong listening skills that help in understanding the needs of customers. Knows how to deal with challenging customers politely without being aggressive or harsh. Always willing to jump in and help with any situation without necessarily being asked. She works well with others. Anushika Gupta is a good team member. She is very cooperative and helpful in times of need. Anushika Gupta is a professional, who inspired people around with her positive and proactive attitude.'

### Novartis - CPQ

- Has been awarded 'Winner Of The Spotlight Project Of The Year Award for Novartis-CPQ
