About Me

QA Lead with 8+ years of experience in the software industry. Skilled in developing test cases, managing teams, and ensuring product quality. Proven success in delivering projects on time.

Professional Experience

Codecraft Technologies| Lead Quality Analyst
2022 – Present

Key responsibilities:
- Led a team of 8 QA professionals in testing activities for Mobile and Web Applications.
- Implemented and maintained comprehensive test strategies, plans, and test cases.
- Collaborated with cross-functional teams to ensure alignment with project requirements and timelines.
- Conducted training sessions to enhance team members' testing skills and knowledge.
- Spearheaded the adoption of Postman testing tools, resulting in a 30% increase in testing efficiency.

Codecraft Technologies| Senior Quality Analyst
2020 – 2022

Key responsibilities:
- Executed and maintained manual and automated test cases for Mobile Application.
- Identified and reported defects with detailed documentation and collaborated with development teams for resolution.
- Contributed to the development and improvement of QA processes and procedures.

Codecraft Technologies | Quality Analyst
2015 – 2020

Key responsibilities:
- Assisted in the execution of test cases and documented results.
- Collaborated with team members to identify, report, and track defects using JIRA.
- Contributed to the development of comprehensive test plans.

Achievements

- Independently managed a medical application, overseeing its development, maintenance, and enhancements. Achieved and consistently maintained app store ratings above 4.5
- Implemented API chaining using Postman, resulting in a 50% reduction in processing time.
