## PROFILE

A sincere and hardworking individual determined to learn and apply knowledge in the fields of Forensic Accounting, Risk Consultancy and Business Data Analysis. Good at collaborative assignments and always look forward to liaise and relate to people across all hierarchical levels, due to exposure to people of different backgrounds throughout schooling years (Saudi Arabia, Greece, Syria, Kenya and Switzerland). Currently, looking out for opportunities for an internship or full-time employment, to enhance and further utilize the knowledge accumulated thanks to my formal education.

## TECHNICAL SKILLS

Software	MS Excel Advanced, Tally, SAP, SAS, SPSS
Data Visualization	Tableau
Languages	R, SQL
Tools	STATCRAFT, Knime Analytics
