Work Experience

Let's begin in the 70s I was a local sales manager for an NBC television affiliate for five years after my success had been noted I was made an offer to become station manager and general sales manager foreign ABC TV affiliate who was in a chapter 11 I took them out of the chapter 11 after 2 years and finish my 5-year contract that ABC TV affiliate is still functioning today very successfully I then went into the construction industry was able to get a c39 and c61 license I started with 6 employees and ended up with 150 employees during that time do to my Association with the most decorated war hero of World War II Audie Murphy I was introduced into the political Arena to help do covert operations unfortunately Audi passed away an airplane crash with three other men in 1971 I miss him very much I ended up doing covert operations for President Ronald Reagan President Richard Nixon President George Bush Senior and President Bill Clinton doing such covert operations as helping to bring to Justice the two terrorists for the bombing of Pan Am 103 noted as Locker by I work with Yosef debris The National Security advisor of Libya who is directly under Colonel Muammar Gaddafi as past shows I was successful even though I face death on a number of occasions I also was very instrumental and helping to bring to a conclusion the Sandinistas Contra conflict the Sandinistas had the backing of the KGB with Russia and of course the contras we're back by the United States Adolfo Kalero was the head of the contras and work closely with General Singlaub the United States Air Force I had meetings with both of them on many occasions one meeting in particular was in a meeting with a group of people in Tempe Arizona which took place at West Court in The Buttes it had a helicopter pad out front so I was able to bring in over 20 players that were involved in helping to bring to a conclusion that conflict I also was sent to Indonesia by President George Bush Senior when I arrived there was only 6 US military personnel when I left Arrangements have been made to have over 14000 troops transferred from the Philippines to be based in Indonesia I met with the power structure of Indonesia as well as the head General Sitresno of Indonesia military I was able to bring after 6 months 6 of the members of the power structure and their families two Washington DC for meetings with President George Bush Senior and other political figures it was a successful program and the results are of still stand in place I had involvement with many individuals who were In Harm's Way and taking captive overseas I was able to help in their release such ones as Joseph Scipio who was hostage for 5 years his wife elham was faithful to him during those 5 years and they are still very happily married Joseph is now 88 years old he called me the other day and we talked about

Project manager job pending being offered a 30% option on the projects one project is a mining operation 4 Gold call the Apache next to it I am to build a city to duplicate Knott's Berry Farm this is in Arizona 2 hours outside of Tucson toward California I will also be responsible for building supersonic airport similar to the one in Shanghai acrossed of 1.9 billion in addition I will establish a weekly reality show for National Television of those projects in

addition I am to establish 7 desalination plants along the Gulf of California as well as purchasing a major amount of property and that region in addition to Bringing water into Arizona as well as Southern California I have approval to also clean up the Salton Sea area opening up the Gulf of Mexico to the Salton Sea and establish a major shipping Port there which will include a major free trade zone area since the free trade zone area in Long Beach has been totally consumed by the Chinese I'm excited about this project but I've been rubbing nickels together for a year waiting for the funding I'm supposed to get the funding within 2 weeks it's 150 billion funding to start I've been given as I stated a 30% option on all that is being done I have prepared today below hire over a hundred thousand people to build a city within three years in Arizona as well as preparation for the other avenues I reviewed here my life long education has prepared me to be able to handle these projects but I can't keep waiting I've been rubbing nickels together for almost a year waiting for funding to come from overseas they have given proof that the funding is to take place within the next few weeks until I sign a 10-year contract in the next two weeks I'm available I need to go to work I have a young daughter she's 8 years old and I have to provide for future thank you
