I am a graduate from San Jose State University. I have worked on projects ranging from short films to video games with the Computer Science department. My work experience is more in line with engineering, data analysis, and technical sales for B2B.

Work Experience

EMC Engineer

HTC America - Milpitas, CA

August 2018 to Present

- Performing test-procedures and standards for all major countries.
- Tasks include troubleshooting, emission and immunity testing, calibration, and writing test reports for completed projects.
- Radiated frequency testing and electrical handiwork.
- Linux and C++ terminal coding (network throughput and command inputs)
- Approving certifications for international sales in B2B companies.

Verizon Sales Representative

Go Wireless Verizon Wireless - San Jose, CA

April 2018 to August 2018

- Activating new consumer accounts for cellular or third-party entertainment sales.
- Cold calling to potential consumers and businesses alike for either LTE, entertainment, or network accounts.
- Achieved regular sales quotas and imputing potential business leads into the sales tool.
- Technical troubleshooting and quality customer service.

Education

Bachelor's in 3D Modeling/Illustration

San Jose State University - San Jose, CA

September 2011 to June 2016

Skills

- Engineering, Sales, 3D Modeling, Data Analyst, B2B (2 years)
