Academic Projects

Title : Online Examination Portal
Platform : J2EE **Duration** : 2 Months
Description : Online examination Portal (Pariksha) is a web-based examination system where examinations are given online. either through the internet. We use **Angular** (Front-End), **JAVA** Spring-Boot (back-end) and **MySQL**, Hibernate (For Data Storage). The main goal of this online examination system is to effectively evaluate the student thoroughly through a totally automated system that not only reduces the required time but also obtain a fast and accurate result.

Title : Mulching Paper Laying Car
Platform : Mechanical Engineering **Duration** : 8 Months
Description : Mulch Paper is used in the Farming Sector which lowers soil temperature, soil surface adds organic matter to it, reduces weed growth, and also checks soil erosion to some extent. Laying Mulch Paper for a large area, it's Time consuming required a huge amount of workers & Expensive. We reduced Time, Expense as well As Effort upto 70% - 80%. We use Honda Spender petrol Engine mounted on a Frame having a Setting facility. Its was as Simple

as we ride a bike and work will done in less time and Effor

Title	: Object Sorting Machine	
Platform	: Mechatronics	Duration : 4 Months
