S.S.C.	2014	Gujarat Secondary& Education Board	66.84

Projects:

- 1) Attendance Management System:** Attendance Management System is an MVC based Web Application. This system is developed for continuous evaluation of employees. This System displays all the details of employees including their leaves and salary. In this system if any employee wants to leave then he/she has to fill the form and that form will be approved by head after that his leave will be considered as confirmed. In this system employee working hours shall be calculated by their punch-in and punch-out times.
