

SUBROTA CHANDRA  
SARKER

## CAREER OBJECTIVE

To work hard in an organization with full determination and dedication to achieve organizational as well as personal goals and enough good to deal with others, I am always ready to do that. I achieve almost 12 Front End and Back End Certificates from different courses and I am finished 400+ practice projects. I am not a first learner but I can solve problems by practicing. I know how to respect someone and I can communicate with others politely and easily.

## EXPERIENCE

I have 3+ years of learning and practice experience in React Js and Node Js. I am good at React Js for client-side, I am often using Bootstrap5 or Tailwind CSS with daisy UI to make the user interface for React Js, and for storing data I use MongoDB. I have some experience with firebase, I often use firebase for user authentications by email and password, Google, Facebook, GitHub, and Twitter, and the other part is JavaScript I use JavaScript to fetch API, DOM manipulation, and solve some problems, I apply Bootstrap5 or Tailwind CSS for the large application, and the other experience is Nodemailer, Stripe, Next JS, Mongoose, Figma, Express JS, MYSQL, and PHP. I have real time team working experience.

### PROJECTS LIVE WEBSITES AND GITHUB REPOSITORY LINKS.
