- Customer Relationship management and team management

Clients Worked with

- Stryker MFS (Medical Field Services)
- George Town University INC. (Community Cloud)
- American Cancer society INC. (Salesforce Non-Profit Success Pack)

Got amazing feedback in all the projects I have worked till now from Project Manager/Account Director, Manager

Technical Skills

Apex, Visualforce, JSS, SOQL (Under Force.com platform)
C, C++, EMBEDDED-C, CONTROLLERS: MICROPROCESSOR 8085, MICROCONTROLLER 8051, ARM

TOOLS: GDB TOOL, MAKE FILE, KEIL, MATLAB

OPERATING SYSTEM: UNIX, LINUX, WIN9X

DATABASE: LINKED LIST USING C.

DESIGN: PROTEUS EMULATOR VERSION 7.0

.

Projects at vector India:

Pre Processor Implementation using C language

Tools: GCC complier, bash terminal, MAKE utility, VI-editor
Summary: Implementation of Pre Processor (executable file), which generates Extended source code for the input file (*.c). Implemented functionalities are Remove All the Comments, File Inclusion & MACRO Substitution on source file.

UNIX Command Interpreter (SHELL)

Tools: GCC complier, BASH terminal, MAKE utility, VI-editor.

Summary: Design and Implementation of a C program that runs as a basic Command-Line Interpreter (SHELL).

Trivial File Transfer Protocol (TFTP)

Tools: GCC complier, BASH terminal, MAKE utility, VI-editor.

Summary: Implementation of TFTP (Server & Client) using UDP socket programming in C language.

TCP/IP client server implementation

Tools: GCC compiler, BASH terminal, VI-editor**.**

Summary: implementation of TCP/IP (client server socket program) using TCP/IP socket programming in c language.

Vocational training and certifications

Summer training from **Sofcon India private limited**, for a period of 4 weeks in different fields of microcontrollers and microprocessor. Studied various techniques like interfacing of microcontroller. Also completed numerous projects under this program.

Academic projects

I have done my final project based on the concept of digital image processing and embedded systems.In this project we pursued this operation based on the the vision of helping the people how are not able to operate A computer. So made a dummy Lip Mouse which will scan a face as well as your lip and will behave as a mouse.Me and my two mates also published a paper on it.

Achievements and Awards

Published a review paper on operation of a PC through a lip mouse at a conference held at JNU Delhi. In this paper I and my two batch mates gave a review over a computer mouse which can be operated by human lips with the help of "HUMAN COMPUTER INTERFACE".
