

CHETNA JOSHI

Angular Developer

@ chetna.joshi68@gmail.com

📍 Pune, Maharashtra

SUMMARY

Experienced Mean Stack Developer with over seven years of experience driving performance, reliability and scalability of customer-facing web applications. Effectively led mean stack development resulting in 25% faster loading times and improved user experience. Collaborative team player with a passion for researching and implementing new technologies, and a strong commitment to optimizing application performance and scalability.

EXPERIENCE

Senior Developer

Mphasis

📅 2018 - Present 📍 Pune, Maharashtra

Worked on the development of a browser-based application using Angular and NestJS resulting in a 20% increase in user engagement. Improved application performance by optimizing REST API calls and reducing load times resulting in a 15% increase in page speed. Collaborated with cross-functional teams to ensure timely delivery of project milestones.

- Developed new features and enhancements for the application using Angular15 and NestJS.
- Implemented REST APIs to connect the application to the backend services.
- Optimized REST API calls to reduce load times resulting in a 15% increase in page speed.
- Collaborated with cross-functional teams to ensure timely delivery of project milestones.
- Debugged and resolved application issues to improve user experience.

Software Engineer

Incedo

📅 2016 - 2018 📍 Gurugram, Haryana

Worked on a large-scale web application using Angular resulting in a 30% increase in user satisfaction. Implemented comprehensive unit and E2E testing, achieving a 99% pass rate on all delivered features. Optimized front-end performance by 20% by refining JS and Angular codebases, following best practice standards.

- Developed, designed, and maintained user interfaces using Angular 5+ and other web technologies..
- Built reusable UI components and ensured that the UI components adhered to the design guidelines.
- Optimized application performance by using the latest web technologies and techniques.
- Collaborated with cross-functional teams to ensure timely delivery of project milestones.

Analyst

Ebix

📅 2014 - 2015 📍 Noida, UP

Worked on the development of various web applications using JavaScript and HTML resulting in a 20% increase in user engagement. Implemented responsive designs resulting in a 15% increase in mobile traffic. Collaborated with clients to gather requirements and provide technical solutions resulting in a 100% satisfaction rate.

- Developed new features and enhancements for web applications using HTML and JavaScript.
- Implemented responsive designs to ensure that the UI is mobile-friendly.
- Collaborated with clients to gather requirements and provide solutions resulting in a 100% satisfaction rate.
- Responsible for developing unit test cases for testing and automation.
- Debugged and resolved application issues to improve user experience.

EDUCATION

Master of Computer Applications

Govind Ballabh Pant Institute of Engineering and Technology

📅 2009 - 2012 📍 Pauri, UK

STRENGTHS

Problem-solving skills

Solved complex coding problems using Angular and TypeScript resulting in faster application performance.

Team player

Collaborated with cross-functional teams to develop and deliver high-quality products.

Attention to detail

Ensured code quality and accuracy through rigorous testing and review processes.

SKILLS

Angular	TypeScript	NestJS	
REST API	Jasmine	NodeJS	CSS
HTML	Docker		

ACHIEVEMENTS

Leading a cross-functional team

Successfully led a team of developers, designers, and product managers to deliver a complex web application on time and within budget.
