PROFESSIONAL SUMMARY

• Over 4.2 years of IT experience in Analysis, Design, Development, Implementation and Testing of Enterprise Applications in the Client/Server environment using **Java/J2EE** in Client-Server. • Expertise in developing reliable and scalable enterprise J2EE applications using **Spring Boot, Spring, Servlets, JSPs, Hibernate, Microservices, AJAX, XML, WebServices, JavaScript**. • Experienced in **SDLC and Agile delivery models**. • Good exposure of SOAP and REST based web service development and integrations. • Good knowledge of issue tracing, root cause analysis for lower and higher environments both. • Experienced in re-producing various environment-based bugs for code debug and patching. • Team player with good analytical and problem-solving skills with strong and positive approach.

TECHNICAL SKILLS

Languages	Java (JDK 1.8)
Framework	Spring Boot 2.0
Database	MySQL, MongoDB
Front End Technologies	JSP, HTML 4, CSS 2, Ajax, Java script
Database	MySQL, MongoDB
ORM Technologies	JPA, Hibernate
Web Services	REST and SOAP
Unit Testing	Junit, Mockito
Web Servers	Apache Tomcat, JBOSS EAP
IDE	IntelliJ IDEA, Eclipse, STS, Net Beans
Version Control	GIT, SVN
Build/Packing Tools	Maven, Docker
Code Quality	SonarQube
Cloud Technologies	IBM Cloud, Kubernetes, AWS(EC2,S3,X-Ray)
Dev Tools	Jenkins, JIRA, ELM, Trello, Postman
Methodologies	Agile and Scrum

ACHIEVEMENTS/ACCOMPLISHMENTS

- Awarded as Star of the Month - Oct 2021 for one CR.
- Got appreciation points from Team Lead and Project manager.
- Contributed significantly to different CRs without defects and delivered on time.
- Completed the 68 hours learning in current year along with meeting other operation targets at the same.

EMPLOYMENT DOSSIER

IBM India Pvt. Ltd.(Application Developer)

Feb 2021 - Present

Project 1 KOMBIT
Product Service Platform
Client KOMBIT (Denmark)
Technology Used JDK 8, SOAP API, Rest API, Maven, MySQL, Junit, Mockito, Jenkins, Microservices, Docker,
Description Service platform project is a service bridge for the Denmark client (KOMBIT) enabling the total 98 municipalities to register them with the service bridge and use the bridge as a middle ware application to connect with various applications developed by various vendors and hence acting as the central application .

Roles and Responsibilities

- Development of new functionalities provided through changes request process.
- Writing unit test and Integration tests for new code written.
- Writing SQL queries, indexes to reduce the query time.

- Performing RCA for production errors and identify best possible solutions to fix.
- Perform regression testing after defect fixing.
- Maintain test coverage as per project guidelines.
- Change Request time estimation and impact analysis.
- CI / CD of deliverables and deployment to lower environments.
- Maintain the code quality as per SonarQube guidelines of the projects.
- Peer code review and help peer developers in day-to-day task.

Edunext Technologies (Software Engineer, Noida)

Dec 2018 - Feb-2021

Project 1 School ERP/College ERP

Technology Used Spring Boot, Rest API, Servlet, JSP, MySQL, JSON,AJAX,XML, Maven, Tomcat

Description Edunext School ERP Software is opted by more than 550 top schools in India. I have worked o

Roles and Responsibilities

- Development of Rest APIs using technology stack used in the project.
- Writing unit test cases for every single piece of code delivered.
- Writing code for Dashboards, generating pdf and excel reports, uploading the excel file with thousands of dataand updating the records/columns in DB.
- Writing complex queries with joins, indexes to reduce the runtime, stored procedures.
- Responsible for creating flexible and configurable code and solution.
- Follow Agile methodology for application development and deliverables.
- To lead a team of 4 members and responsible for sprint end delivery assigned to the team.
- Self-learning new technologies and tools and spread the knowledge among team members.

EDUCATION

Master of Computer Application(MCA), Maharaja Agrasen College in 2021 with aggregate 72

Bachelor of Computer Application(BCA), Maharaja Agrasen College in 2018 with aggregate 76

STRENGTHS/HOBBIES

- Positive Attitude
- Good Communication Skills
- Quick Learner, Adaptability, Mentoring
- Listening Music, Painting
