## EXPERIENCE

### Senior Developer

#### Fiserv

11/2015 - 02/2017 Pune

##### OnDemand | Fiserv Biller Product

Fiserv offers Biller Solutions which is suite of products to deliver comprehensive

billing and payment services. Biller solutions is a division of Fiserv that caters to consumers at their point of preferences, wherein it provides billing and payment solutions to them through one face to their biller. It offer different bill payment mode including OnDemand bill pay, walk-in bill pay and payment solutions.

The main focus is to create reusable components that could be used in future projects by the team.

- Use my extensive experience with front end development to define the structure and components for the project, making sure they are reusable
- Keep the code quality high reviewing code from other developers and suggesting improvements
- Interact with the designer to suggest changes and to make sure the view he has about the design is translated into actual functionality

### Senior Developer

#### IGATE

07/2013 - 10/2015 Pune

##### Project: Export Gateway Service | Client: McDonalds Corporation Europe

##### Project:Mystore Central Reporting Solution (v4.0, v4.1, v4.2, v4.3), McDonalds Operation

##### Projects: Retail Analytics Platform |Client: IGATE Initiative

Currently in McDonald's store level data is maintained in SDM (Store Data Model)

and each store can create reports for itself only. The objective of all these project to gather data from different stores into the centralized database. Export Gateway Service provides functionality to export data in the form

of XML or JSON through REST based services.

- Front End development using ASP.net MVC and WebAPI.
- Data Movement using Microsoft Sync Framework.
- Implemented CI using Jenkins
- Performance testing and fixing performance related defects.

### Game Developer

#### Smart Cloud

01/2013 - 05/2013 Pune

##### Product: Bull Runner

Game has different themes(beach, city, village) and playing scenarios with live game board.

- Game development using COCOS 2DX framework.
- Advising the designer on User Experience, giving feedback about how to improve the overall experience of the game for the end user.

## WHAT I AM PROUD OF

### My courage

to always leave my comfort zone. I'm not afraid to do whatever I need to do to achieve my goals!

### My Focus & Persistence

Despite any hard situation, I keep my focus on my goals and always move towards them.

### Won Awards Everywhere I go
