

Swapnil N. Pawar – Full-Stack Developer

Embrace opportunities in Full-Stack Development, Application and Web Development, utilizing extensive research skills and a determined approach to drive success. Aiming for roles in Pune and Mumbai, with a focus on personal growth and professional excellence.

Mobile: +91- 7020793491 | Email: swapnil.pawar3491@gmail.com

Profile Summary

- Offering over 4 years of professional expertise in Dot Net based Application Development, Support, and maintenance.
- Proficient in ASP.NET MVC, ASP.NET Web Forms, Entity Framework, LINQ, JavaScript, JQuery, ADO.NET, WEB API, and ASP.NET Core, with a proven track record of successful project delivery.
- Currently serving as a Software Engineer at ITC InfoTech, demonstrating expertise in OOPs Concepts, SQL Server 2014, 2018, HTML, CSS, and a solid understanding of SOLID principles and Design patterns.
- Proven track record of collaborating with cross-functional teams, including designers, product managers, and quality assurance testers, to deliver software solutions that meet business needs.
- Recognized for developing custom functionalities, end-to-end product development, and defect fixes, with a keen eye for detail and a commitment to delivering high-quality solutions.
- Achieved significant improvement in project delivery efficiency by implementing Agile methodologies, enhancing requirement gathering, gap analysis, and stakeholder management at ITC InfoTech, resulting in streamlined processes and timely delivery of software solutions.

Core Competencies

- | | | |
|-----------------------------------|--|------------------------------|
| ≡ Software Development Life cycle | ≡ Technical & Functional Analysis | ≡ Code Reviews & Development |
| ≡ Software Development Frameworks | ≡ Requirement Gathering & Gap Analysis | ≡ Defect & Change Management |
| ≡ Cross-Functional Coordination | ≡ Agile Methodologies | ≡ Client Engagements |

Technical Skills

- | | |
|----------------------------|---|
| Languages | : OOPS, C# |
| Web Technologies | : ASP.NET, ADO.NET, ASP.NET MVC, WEB API, LINQ, Entity Framework, HTML, CSS, AJAX, .NET Core MVC, .NET Core Web API |
| Database | : SQL Server 2014, SQL Server 2018 |
| Scripting Languages | : JavaScript, jQuery |
| Tools | : VS Code, IDE: Visual Studio 2015, Visual Studio 2019 |
| Operating System | : Windows 11, 10, 7 |
| Standard Guidelines | : SOLID Principles |
| Domains | : MES, Education & Health |

Academic Details

- **MCS (Master of Computer Science)**, from Savitribai Phule Pune University in 2020
- **BSC Computer Science**, from Savitribai Phule Pune University in 2017
- **HSC (Maharashtra State Board)** in 2013
- **SSC (Maharashtra State Board Pune)** in 2011

Work Experience

Since Jul'22 - Oct'23 with ITC InfoTech, Pune as Software Engineer – Associate IT Consultant

May'21 – Jun'22 with Sumasoft Pvt. Ltd., Pune as Software Engineer

Dec'19 – May'21 with Square Vision Technologies, Pune as Developer

Key Result Areas Across Career:

- Utilizing proficiency in ASP.Net Core, C#, HTML, and related technologies to develop custom functionalities within software applications.
- Contributing to the creation of robust and scalable solutions, ensuring alignment with project goals and technical specifications.
- Working closely with multidisciplinary teams, including designers, product managers, and quality assurance testers.
- Engaging in collaborative discussions to understand project requirements, providing technical insights, and contributing to the overall success of software solutions.
- Playing a pivotal role as a Software Engineer in end-to-end product development, contributing to various stages from conceptualization to deployment.
- Taking ownership of assigned tasks and ensuring timely delivery and adherence to coding standards.
- Participating actively in application development using ASP.Net Core MVC and C#.
- Identifying and addressing defects through systematic debugging and troubleshooting, ensuring the delivery of high-quality, bug-free software.
- Gaining a deep understanding of business applications and requirements, translating them into technical solutions.
- Collaborating with stakeholders to ensure that the developed software aligns with business objectives and user needs.
- Delivering portals by leveraging your skills in ASP.Net Core, C#, and HTML.
- Ensuring the seamless integration of custom functionalities into portals, providing an optimal user experience.
- Joining knowledge-sharing sessions and contributing to the continuous improvement of development processes and practices.

Personal Details

- **Date of Birth:** 10th July 1995 | **Languages Known:** English, Hindi & Marathi | **Address:** Pune 411 015

Projects Manages (Latest 3)

Project Name: ENVision
Company Name: ITC Infotech Pvt.Ltd
Period: Jul'22 – Till Date
Role: Associate IT Consultant
Environment:

- Front-End: Apriso Application
- Technologies: C#, MVC Net Core 3.1, WebAPI, EntityFramework, JavaScript
- Database: SQL Server 2019
