Skilled in collaborative management environment, succeeding through regular meetings and clear formal and informal communication with members of the remote and local management teams.

Accenture
Project Manager
May 2016 - December 2019 (3 years 8 months)
Hyderabad Area, India

Worked as Project Manager and Scrum Master by delivering and practicing Agile methodologies in Scrum Team

• As a Scrum Master performed duties of Mentoring, Coaching, Facilitating and removing impediments of team. Coached more than 4 distributed Agile team in scrum adoption.

• Lead and facilitate the sprint events Sprint Planning, Daily standup meeting, Sprint demo, Sprint retrospective and Product backlog refinement meeting for team.

• Track team and project impediments to solve them on time to deliver value successfully as per sprint / release goals.

• Worked with Scrum team to maintain healthy backlog to derive value for customer by coordinating and facilitate end to end requirements gathering, estimation, planning and monitory day to day development

• Liaise with project managers, development team (on-shore and off-shore) to ensure project is in progress and developed to deliver the business requirement

• Access scrum maturity of teams and coach the teams our side project for Agile delivery using scrum framework.

• Ensured team show case Scrum principles and values in sprint helping to achieve sprint goal in smoother way.

• Have incorporated ATDD, BDD development methodology in Agile.

• Ensured team had focus on Automation and CICD pipeline implementation.

• Used Kanban and extreme programming principles to help team to be more productive and have faster completion with no technical debts.
