

VAMSI KRISHNA REDDY G

 30th Mar 1997 vamskrish1997@gmail.com \ 8861247434 @ Bengaluru, India

My objective is to acquire a challenging career with a solid company utilizing the opportunity and developing new skills within the company

EXPERIENCE

Software Engineer DELL EMC and HCL

September 2018 – Ongoing @ Bengaluru, India

Engineer with proven track record of effective communication and collaboration skills, and the ability to analyze and resolve complex problems.

Java Developer with experience in multiple components of the product like UI, Security.

Recognized for making valuable contributions to VPLEX product by working on product release, major product code enhancements, tool development, product patch work.

Made efficient java code contributions to UI of VPLEX (Both GUI and CLI) and Security part (VPLEX_OS repo).

Also been part of escalation team where we work on elite customer issues mainly doing root analysis, debugging, automation activities and reproduction of critical DU/DL issues.

Through the course of my career at EMC I have gained in depth knowledge of VPLEX product by working in udcom, UI and security departments.

Have good working experience in many areas surrounding our product like Vmware Vsphere and web client, SAN, SCSI, FC, Linux, Rest API ,VMWARE esx ,Windows, Jira and Git.
