Objective

RPA developer with 3 years of experience in Blue Prism and UI Path. Looking for challenging position where I can make use of my experience and prove myself as a valuable asset for your organization. During my work I have automated Desktop applications, Browser and Mainframe based applications. Also, have knowledge of SQL Database, Web services, APIs etc. Even though I'm experienced with two RPA tools(Blue Prism & UiPath) I'm ready to learn new tools too.

Education

BACHELOR OF ENGINEERING

Pune University, Maharashtra
July 2014 – March 2018

Technical Skills

- Operating system: Windows 10
- Primary Skill: RPA Tools
- Database: Microsoft SQL Server 2018
- Programming: VB.Net, C#
- Bug Tracking Tool: JIRA
- Other apps: MS Office, PDFs

Experience

RPA Developer

IBM, Pune

July 2019 - Till date

Professional Summary

- Experience of 3+ years in RPA Domain

Blue Prism:

- Experience in developing **Automation processes** using **Blue prism** and managing their workloads by using **Blue Prism work queues**.
- Expertise in working with **Process studio** and **Object studio**.
- Experience in working on **Control room** and **Session Management**.
- Well versed in **Best Practices** to be followed during development phases.
- Have created Blue Prism development artifacts such as **ODI, PDI, SDD**
- Experience in **Work queue** configuration and **Blue Prism work queue actions**.
- Also, worked with **Multibot architecture** and **Environment locking**.
- Experience in managing collections, **Input/ Output and Startup** parameters

UI Path:

- Experience in using **UiPath Studio, Orchestrator, Assistant, Screen, Data & Web scrapping** techniques
- Experience in designing bots by using **Re-framework, Sequence, Flowchart and State Machine**.
- Used screen scrapping method such as **Full text, Native and OCR engines** (like MS OCR engine/ Google OCR) extracting bigger blocks of text, text position on screen, color for and other granular information of text.

General:

- Worked on applications like **Desktop, Web based, mainframe, PDF, Word and Excel files**
- Well acquainted **exception handling**. design and correct use of the stage
- Good experience of integrating **API, Web services & Database (SQL)** in process.
- Implemented end to end execution for different processes using **Attended** and **Non-attended** bots.
- Have good knowledge in different methodologies like **Agile, Waterfall model** etc.
- Experience on **Jira tool**.
- Well acquainted with **RPA life cycle, SDLC**(Software Development Life Cycle)
- Fixed issues occurred during **Pilot run(UAT)** while running robotics processes and providing timely responses and solutions as required.
- Have sufficient knowledge of **SQL**.
- Good Knowledge on **Production support activities**.
- Profound willingness to learn and grow in RPA field
- Excellent communication and interpersonal skills and good decision making ability.

Project

Project #1 : **BBIS (Bennetts Bike Insurance System)**
Client : **Lincoln Financial Group**
Domain : **Insurance**
Role : **RPA - Developer**

Responsibilities:

- Involved in requirement calls and process design sessions.
- Involved in creation of ODI and PDI, SDD documents.
- Created workflows based on the SDD document.
- Developed end to end RPA solution as per the requirement
- Automated Web and Desktop-based applications.
- Working closely with Release Management and Production Support during UAT.

Project #2 : **HELIOS**
Client : **Citi Bank**
Domain : **Banking**
Role : **RPA - Developer**

Responsibilities:

- Understanding the logic behind the process from SDD and create ODI and PDI based on the same
- Development of the processes flow and objects as per the requirement
- Used multiple work queues for the process execution
- Used web applications for gathering and validating the information during process execution

Project #3
Client : **Lincoln Financial Group**
Domain : **Insurance**
Role : **Desktop Support Engineer**

Responsibilities:

- Involved in Knowledge transfer calls
- Testing of total automation
- Process execution and monitoring.
- Overall maintenance and support.
- Desktop Support

Personal Details

- Address : 403, Jai Ganesh Complex, Balewadi, Pune-411045
- Date of Birth : 4th June 1996
- Marital Status : Single/ Unmarried
- Nationality : Indian
- Languages known : English, Hindi, Marathi

Declaration

I hereby declare that all above-mentioned information is in accordance with fact or truth up to my knowledge and I bear the responsibilities for the correctness of the above-mentioned particulars.
