

SUMMARY

Results-oriented software developer with over six years of experience in Angular development, equipped with strong leadership skills. Proficient in designing, developing, and maintaining scalable web applications using Angular frameworks. Extensive knowledge of HTML, CSS, and JavaScript, combined with a deep understanding of front-end development principles. Demonstrated ability to lead and inspire cross-functional teams, ensuring successful project execution from inception to delivery. Excellent communication skills facilitate seamless collaboration with team members, clients, and management. Strong problem-solving abilities enable the identification and resolution of complex coding issues, ensuring high-quality deliverables. Attention to detail and a commitment to code integrity result in bug-free and efficient software solutions in agile environment.

PROFESSIONAL EXPERIENCE

Senior Manager Oct '23 - Present
ICICI Lombard Mumbai, IN

- Responsible to develop flawless code and deliver on time

Senior Software Engineer Nov '20 - Oct '23
Citiustech Healthcare Technology Pvt. Ltd. Mumbai, IN

- Developed and implemented **responsive and user-friendly web interfaces** using HTML, CSS, and JavaScript Frameworks Like Angular.
- Allied with design and back-end teams to **translate wireframes and mockups** into interactive web applications.
- Employed **front-end frameworks such as Angular** to build more than 3 dynamic and scalable web components.
- Led the front-end development efforts** on MSP from concept to deployment, meeting tight deadlines and achieving project objectives.
- Integrated third-party APIs and libraries** to enhance application functionality and user experience.
- Mentored and onboarded new team members**, fostering a collaborative and growth-oriented work environment.
- Demonstrated a keen eye for **design and UI/UX principles**, providing valuable input during the design phase in 2 projects.
- Cooperated closely with stakeholders to **understand business requirements** and translate them into technical solutions in 2 projects.
- Successfully **completed 3 projects**, delivering high-quality products that met or exceeded client expectations.

Software Engineer Dec '19 - Jun '20
Human Resocia Pvt. Ltd. Mumbai, IN

- Empowered web applications with **dynamic and scalable components** by leveraging front-end frameworks like Angular.
- Played a **proactive role in Agile/Scrum ceremonies**, actively engaging in sprint planning, daily stand-ups, and retrospectives to enhance team collaboration and project progress
- Engaged in dedicated **self-study to acquire proficiency in the Japanese language**, demonstrating strong commitment to cross-cultural communication and expanding language skills.

Software Engineer Jun '17 - Sep '19
Genesys International Pvt. Ltd. Mumbai, IN

- Proficiently built and sustained user-friendly web applications, ensuring responsiveness, by employing **HTML, CSS, JavaScript, and front-end frameworks like AngularJS**.
- Collaborated with back-end developers** to integrate front-end components with server-side logic, ensuring seamless functionality and data flow.
- Utilized RESTful APIs to connect front-end applications** with various back-end services and databases.
- Implemented authentication and authorization mechanisms**, enhancing application security and user access control.
- Assisted in **database design and management**, utilizing technologies such as SQL or NoSQL databases.
- Participated in code reviews, **actively seeking feedback to improve code quality** and best practices adherence.
- Worked closely with cross-functional teams to understand project requirements and contribute to technical discussions.

RECENT PROJECTS

MSP Aug '22 - Jul '22
Citiustech Healthcare Pvt. Ltd. Mumbai, IN

As a Senior Front-End Software Developer, I played a pivotal role in the development and enhancement of the MSP platform catering to the US healthcare payers market. Throughout the project, I collaborated with a talented team of developers, designers, and stakeholders to deliver a robust and

user-friendly application that streamlined critical healthcare processes.

Key Contributions:

- Led the front-end development efforts, architecting and implementing highly responsive and intuitive user interfaces using cutting-edge web technologies, including React and Redux.
- Collaborated closely with back-end developers to integrate front-end components with the server-side APIs, ensuring seamless data flow and efficient communication between different layers of the application.

The MSP project significantly contributed to improving efficiency and accuracy in healthcare operations for payers, resulting in cost savings and better patient care. It remains a successful example of my expertise in front-end development within the challenging and ever-evolving landscape of the US healthcare payers market.

CURO

Aug '21 - Jul '22

Citiustech Healthcare Pvt. Ltd.

Mumbai,IN

In my capacity as a Senior Front-End Software Developer, I played a vital role in the development and improvement of the CURO platform, tailored to meet the needs of the US healthcare Provider market. Collaborating with a talented team of developers, designers, and stakeholders, we successfully delivered a robust and user-friendly application that efficiently streamlined critical healthcare processes

Key Contributions:

- Designed and developed dynamic data visualization features, empowering CURO users to gain actionable insights from complex healthcare data, such as Utilization management, and provider networks.
- Implemented advanced user authentication and role-based access control mechanisms to safeguard sensitive patient information in compliance with HIPAA regulations.
- Conducted performance optimization and thorough testing to enhance the platform's speed and stability, resulting in an exceptional user experience and high system reliability.

EDUCATION

MBA in Business Analytics

Sep '21 - Mar '23

Liverpool John Moores University & upGrad

Mumbai, IN

B.E. in Computer Science

Jun '13 - May '16

University of Mumbai

Mumbai, IN

KEY SKILLS

1. Front-End Development Proficiency
2. Leadership and Communication
3. Project Management
4. Code Review and Quality Assurance
5. Mentoring and Coaching
6. Conflict Resolution
7. Technical Problem-Solving
8. Collaboration and Team Building
9. Continuous Learning

TECHNICAL SKILLS

Programming Languages: Angular, Java, React, Node.js

Web Design: HTML5, CSS, JavaScript,

Database: My SQL, MS SQL Server, PtGres

Web/Application Servers: Tomcat, IIS

Server Tools: Redis, Cassandra, Git, MongoDB

ADDITIONAL INFORMATION

- Languages: Marathi (Native), Hindi (Native), English (Professional), Japanese (Beginner)
- Interests: Reading, Cycling.
