HARI SHANKAR

OBJECTIVE

A Creative and Determined Engineering Graduate who has special interest in Data Analytics and Research, passionate to work in an environment with the goals of enhancing the organization performance and increasing the knowledge.

EDUCATION

IEC College of Engineering and Technology
2019
MCA

MVN University, Palwal
2017
BCA

SLSD Inter College, Aligarh
2014
12th

PROJECTS

Zomato Restaurant Data Analysis

- Download data from website, Performed ETL to remove outliers, clean up bad records, normalize revenue numbers to standard format using **Python, Pandas, Numpy** and **two standard deviation.**

- For Analysis of Bangalore restaurant, used **Python, Pandas** and **Tableau.** Figured out best restaurants for Punjabi and South Indian cuisine based on reviews.

- Used **Tableau** to build various **BI Dashboard** that can show revenue growth in different restaurant based on cuisine and also prepared a data story.

Infinity Automotive Data Analysis

- Infinity Automotive is Delhi, India based automobile partsand service provider, used their dataset on automobiles services and part sales.

- Used **Pyhton** libraries **Pandas** and **Numpy** to perform various Analysis such as sales growth in services and parts.

- Used **Tableau** for plotting trends and plotted **pie charts, bar charts** for demographic breakdown, downtime hours etc.

Timeline Data Analysis: Covid-19

- Created interactive dashboards and story board using **Tableau** showing the spread of **Covid-19** cases across the world using animation, timeline and annotations with a presentation describing the patterns observed.

TRAINING

Data Analysis Using Python
Company:- Cetpa Infotech Pvt LTD
Key Skills:- Python, Tableau, Pandas, Numpy

SKILLS

Python

Tableau

SQL

Pandas

Numpy

MatPlotlib

MS-Excel

MS-Office(PowerPoint, Word)

OTHER SKILLS

Test Driven development.

Clean & Initiative Dashboard design.

Data Analysis & Mining.

Data Extraction & Preprocessing

Leadership & Good Analytical skill.

Team Work & Problem Solving.

LANGUAGES

English

Hindi

INTERESTS & HOBBIES

Data Science

AI & ML

Research & Analytics

Reading

Traveling

Cricket & Volleyball
