

**Name:** Amruta Sadashiv Koli  
**Contact No:** 8698703196 / 9860316436  
**Email id:** amruta12429@gmail.com

---

Professional network engineer with over 4.7 years of experience in managing network infrastructure. Mentored L1 engineers, resolved escalated issues and implemented solutions to complex business needs. I am a productive team player and able to work in an organized manner, self-motivated and able to do multi task.

### **Technical Skills:**

---

- Basic Configuration & Management of Network devices like Cisco Routers & L2 Switches, L3 switches
- Known about Routing protocols Like RIP, EIGRP, OSPF, BGP, HSRP.
- Known about Switching Protocols like VTP, STP, RSTP, PVSTP, RPVST.
- IOS up-gradation of SF300 Switches Cisco routers, Aruba switches 2930,6300
- Configuration of Aruba Airwave Wi-Fi controller.
- Configuration of Arista controller and Access point and troubleshooting
- Configuration of silver-peak SD-WAN devices.
- Configuration of Aruba access points
- Cisco ACI configuration, troubleshooting.
- Cisco Nexus: 3K, 5K, 7k, 9K configuration, troubleshooting.
- Citrix NetScaler Load Balancer configuration, troubleshooting.
- Mellanox Switches configuration, troubleshooting.

### **Product Knowledge:**

---

- Routers: Cisco (1841, 2821, 2921, ISR4431/K9, 3925, ASR1006)
- Switches: Cisco (SF300, 3850, 2960X) and HP switches, Aruba 2930, Aruba 6300, Cisco Nexus: 3K, 5K, 7k, 9K, Mellanox
- Wireless: Airtight AP (C-10, C-110and C-75), Mojo Wi-Fi Controller and windows Radius server, Aruba access point 515,315 model, Aruba Airwave.
- Cisco ACI
- Citrix Load Balancer
- Monitoring Tools: SolarWinds, Entuity, PRTG, ServiceNow.

### **Professional Qualifications:**

---

#### Certification:

- CCNA – Routing & Switching (course appeared).
- Computer Hardware and Networking. (Course appeared).

#### Academic Qualifications:

- Diploma in Computer Engineering passed from Maharashtra Board in year 2017.
- HSC passed from Maharashtra Board in year 2015.
- SSC passed from Maharashtra Board in year 2013.

#### Career History:

---

Period: Nov 2018 – till Date

Company: Wipro InfoTech Ltd

Site: IDFC Bank.

Designation: Network Engineer - L2

#### POSITION PORPOSE AND SCOPE OF WORK

- Configuration of Router , switches L2/L3.
- Perform maintenance, configuration backup and up-gradation of devices.
- Technical support from NOC to field Engineers.
- Handling, upgrading and configuration on the Cisco Switches(Nexus, SF-300,Aruba,HPE,Mellanox).
- Responsible for configuration and troubleshooting of wireless Airtight Access Points, Aruba access points
