WORK EXPERIENCE

TATA CONSULTANCY SERVICES

July 2019 - Present

Designation: Assistant Consultant

Role: Scrum Master & Agile Project Manager

- Acting as a Scrum Master and implementing and scaling agility in multiple cross-functional SAP Teams across geographies using a mix of multiple scaling frameworks like LeSS (Large Scale Scrum), SAFe (Scale Agile Framework), and Nexus by continuous coaching and training individuals and teams in agile principles and practices.
- Acting as an Agile Ninja Coach and helping senior management becoming more agile and participating in the transformation of the organization as a whole.
- Integrating Continuous Integration (CI) and Continuous Delivery (CD) by experimenting and streamlining deployment pipelines.
- Rigorously managing scope through a structured change management process to ensure commitments are achieved within the agreed time, cost, and quality parameters with a focus on delivering the business benefits using agile principles and metrics.
- Managing relationships with clients, product owners, and multiple cross-functional and cross-vendor teams, establishing and facilitating a cadence and removing any impediments and blockers.
