- Self-starter with strong analytical and problem-solving skills.
- Strong oral and written communication skills in order to communicate with all levels of the organization for business requirements.

KEY SKILLS

- Languages - PLSQL, SQL
- Database – Oracle 11g
- Oracle Database Utility – SQL *Loader
- BI Tools - Qlik Sense Enterprise, Qlik Sense Desktop

PROJECTS

1. Project - ORCE

- My major responsibility is to import the excel data using the SQL *loader into the Oracle database and process the data as per the requirements using Oracle SQL developer then at the end represent it to Qlik Sense and Excel reports.
- Automated and scheduled the jobs which saves 2 hours of manual task.
- I have initiated the idea of representing the Excel reports into Qlik Sense dashboards in front of clients and now we are working on same.

2. Project - FLOW

- My responsibility in the project was to maintain the data of the defaults raised on ISDN2E, ISDN30 and PSTN services.
- Did changes in the existing scripts for the better performance and also as per the requirements.

EDUCATION

- Bachelor of Technology | ECE | August 2012 - May 2016 | 73.5%
- Senior Secondary(12th) | C.B.S.E. Board | April 2011 - March 2012 | 73%
- Higher Secondary(10th) | C.B.S.E. Board | April 2009 - March 2010 | 8.4 CGPA

CERTIFICATIONS

- Google Cloud Platform | By Openreach | In May 2021
- The Complete Qlik View Boot Camp | By Udemy | In March 2020
- Business Analytics using R | By IBM | In January 2019
