E-mail: mjpradhan07@gmail.com

An accomplished Software Engineer with demonstrated success, willing to design and implement solutions that improve Business functionality. Ready to contribute technically and logically, by being part of a productive, symbiotic team, leading to positive growth and better achievement of self and the Organization.

PROFESSIONAL SUMMARY:

- ◆ 5 years of experience in Oracle PL/SQL Development.
- ◆ 4+ years of experience in Insurance (Healthcare and Property Reinsurance) Domain.
- ◆ ETL Experience with Informatica Power center, SQL Loader.
- ◆ Experienced with both Agile and Waterfall methodology relative to the Software development lifecycle (SDLC).
- ◆ Experienced in phases of SDLC including design, development, unit testing, ongoing support and maintenance.
- ◆ Strong knowledge in SQL, PL/SQL stored procedure, functions, packages, exception handling, triggers and views.
- ◆ Knowledge in performance tuning in oracle like Explain plan, different types of optimizer hints, indexes, global temporary tables, autonomous transactions, PLSQL collection and bulk bind.
- ◆ Knowledge on materialized view and table partitions and sub partitions.
- ◆ Hands on experience in MYSQL database and MYSQL workbench.
- ◆ Experience in configuration and work tracking tools like BIT Bucket, bamboo, JIRA, Service now.
- ◆ Excellent written and verbal communication & interpersonal skills.
- ◆ An analytical, hardworking individual with excellent communication skills and natural ability to work in a team and as an individual.

SKILL SET

Languages : Oracle SQL, PL/SQL, UNIX.

Database : Oracle 10g, 11g, 12c, MySQL.

Operating System : Windows, LINUX.

Tools : Toad, PL/SQL Developer, SQL Developer, MYSQL workbench, Informatica Power center, UC4 Scheduler.

Log Management Platform : Elasticsearch, Logstash & Kibana (ELK).

Software Methodology : Waterfall, Agile.

Configuration & Bug

Tracking Tools : BIT Bucket, Bamboo, Jenkins, Jira, Service Now, ITSM ticketing tool.

CARRER HISTORY

- Working as Technology Analyst in Infosys Ltd with 4+ years of experience in software development and maintenance and production support activities from December 2018 to till date.
- Worked as PL/SQL Developer in Vidal Health Insurance TPA under the payroll of RCS Tech LLP with 3+ years of experience in software (application) development and maintenance and production support from August 2015 to November 2018.

Roles and Responsibilities:

- Developed Complex database objects like Stored Procedures, Functions, Packages and Triggers using SQL and PL/SQL.
- Worked extensively on Ref Cursor, Collections, Exception handling and Dynamic SQL.
- Used Pragma Autonomous Transaction to avoid mutating problem in database trigger.
- Extensively used the advanced features of PL/SQL like Records, Tables, Object types and Dynamic SQL.
- Handled errors using Exception Handling extensively for the ease of debugging and displaying the error messages in the application.
- Handling the design and development of ETL jobs which extracts the required reference data from outside system to the application using INFORMatica POWER CENTER.
- Application Release and deployment management using KUBERNETES, DOCKER and Level three support for the application using SNOW tool.
- Worked CLOUD Database that Involved in migration of the On-prem Oracle environment to DbaaS Cloud Environment. (Including Assessment on the On-prem and Migrate the users/grants and the data migration, Post validation checks).
- Analyze the Existing code and do the impact analysis of production issues.
- Resolved production issues by modifying backend code as and when required and Updating of database based on logs received from data integration activity.
- Optimizing the complex queries to improve the performances of the existing reports, functional views.
- Writing complex queries for Production Support team.

PROJECT DETAILS:

Dec 2018 – Till Date – Technology Analyst – Infosys Ltd

Dec 2018 – Till Date, Technology Analyst, CorSo Policy Manager Application Development and Maintenance -Swiss Re

This project involves application development, maintenance and prototyping activities for an underwriting administration system called 'Policy Manager'. This project is an upgrade of the existing Manhattan application to have a new web-based user interface and region specific configurable product. The upgrade also includes technical enhancements to adhere to latest technology

stack. New system will provide an option to underwriter and underwriting assistants to dynamically generate policy documents based on business needs and products.

Environment: Java, J2EE, Web service, Oracle 11g, Oracle cloud, JDBC, JSP, Hibernate, spring boot, RabbitMQ, Bamboo and WebSphere liberty.

Aug 2015 – Nov 2018 – PL/SQL Developer – Vidal Health Insurance TPA

Jan 2016 – Nov 2018, PL/SQL Developer, Enhancements and Support VINGS Application System.

Vidal Health is one of the India's leading Health insurance TPA, which is expanding its business in medical insurance Field. VINGS (VIDAL INSURANCE NETWORK GLOBAL SERVICES) is an application which is used to process the Medical Insurance claim and Pre authorization of the claimant. This application is used to reduce the manual work to process the claims, creating the policies and hospital details which are linked to Vidal Health Insurance Company, and process the claim with respect to the policies.

Environment: Java, J2EE, Struts, Oracle 10g.

Aug 2015 – Dec 2015, PL/SQL Developer, Enhancements and Support TIPS Application System.

TIPS is Third party insurance provider service which automated application which is used to process the claims on daily basis in each stages like intimation, processing, verification and financial settlement of claims and pre-auth of all the insurance companies such as NIA, UIIC, OIC etc. which are linked with Vidal TPA.

Environment: Java, J2EE, Struts, Oracle 10g, XML.

EDUCATION

- Bachelor of Information Science Engineering with Distinction (74.02%) from APS College of Engineering Bangalore in 2015.
- PUC with First Class (79.33%) from Vishwamanava PU College, Mandya in 2011.
- SSLC with Distinction (85.60%) from Vishwamanava High School, Mandya in 2009.

PERSONAL DETAILS:

Father Name : K Jayaram
Date of Birth : 09/08/1993
