Work Experience

Organization: Accenture, Pune (November 2018 - till date)

Project Name: COX SFDC Vlocity

Client – Cox Communications, USA

Project Profile: Cox Communications (also known as Cox Cable and formerly Cox Broadcasting Corporation, Dimension Cable Services and Times-Mirror Cable) is an American privately owned subsidiary of Cox Enterprises providing digital cable television, telecommunications and Home Automation services in the United States. It is the third-largest cable television provider in the United States, serving more than 6.2 million customers, including 2.9 million digital cable subscribers, 3.5 million Internet subscribers, and almost 3.2 million digital telephone subscribers, making it the seventh-largest telephone carrier in the country. Cox is headquartered at 6205 Peachtree Dunwoody Rd in Sandy Springs, Georgia, U.S., in the Atlanta metropolitan area.

The Cox project is mainly focused on the following areas:
- Accounts Management - Account Creation process, Account Update process, Account Delete process
- CPQ Vlocity end to end implementation
- Vlocity Order Management (Orchestration and Decomposition)
- Integration with third party system with RESTful Web Service.
- Opportunity Management - Opportunity Creation through Internal Sales Involvement, Opportunity Creation through Accounts, Opportunity creation through Lead Conversion.

   Solution: Vlocity, SFDC
   Role: Vlocity Developer
   Tools: Git, Vlocity Build Tool, SourceTree, VS Code, Jenkins

   Responsibilities:

- Involved in solutioning functional requirement of client from Salesforce perspective
- Developed generic utility for REST integration service and developed multiple integrations.
- Developed and configure Vlocity Cart Based API's.
