PROJECTS

Bajaj Finserv
2018 to 2021
This customer is the largest NBFC in India, which provides lending options for a variety of requirements such as home loans,
property, and salaried loans. We are using the Salesforce platform to cater the loan origination, approval flows, sales, and
marketing processes. The system communicates with 3rd party integrations like CIBIL, Aadhar eKYC, Perfios, ATOS, and
many such systems for validating, verifying & Enabling a loan application to proceed to the disbursement stage.

BMW
2021 to 2022
The Client is the vehicle manufacturing company. We are using salesforce platform to capture lead who show interest towards BMW services. The System is integrated with 3rd party system , on the basis of Lead details we create case, request ,opportunity .These details transferred to the dealer or agent they take follow up call and close the request.

Prudential Life Insurance
2022 to Current
Prudential is a life insurance company based in US. Here we are creating claim and tracking claim , We take care Covered Person Validation,Beneficiary Validation,Assignment Validation. We handle payment processing .
