📍 Hyderabad

## PROFILE

I am a qualified and professional Devops Engineer with devops certified by **IIT Roorke**. Good knowledge of major cloud service providers, like AWS, Azure etc. Good understanding of Infrastructure as Code (Programmable Infrastructure), and how you can achieve that by using tools like Puppet, Chef, Ansible etc.

## SKILLS

- CLOUD
- AWS,AZURE
- Understanding of relevant tools
- DevOps
- Problem-Solving
- Proactiveness
- Project Management Tools
- Strong Communication

## EXPERIENCE

### DEVOPS ENGINEER TRAINEE

- Good knowledge on Source Code Management (Version Control System) tools like Git and Subversion.
- Basic knowledge on developing Continuous Integration/ Delivery pipelines.
- knowledge with automation/ integration tools like Jenkins.
- Basic knowledge on software containerization platforms like Docker and container orchestration tools like Kubernetes.

## EDUCATION

### B. TECH - ECE

Khammam Institute of Technology  
2021

## ACADEMIC PROJECT

- **Title:** Design and analysis of approximate redundant binary multipliers
- **Tools & Technologies:** Verilog VHDL
- **Description:** The Proposed redundant binary partial product generator (RBOPG) achieves the highest reduction in the number of partial products (75%) for a radix-4 multipliers the carry free nature of redundant binary adders is exploited to add the extra bits with the partial products without using any extra adder stages
