PERSONAL SUMMARY

I am an ambitious and self-motivated Developer with ample knowledge in the field of Hospitality domain and with a good technical background in Salesforce and Web services. Able to play a key role throughout the system development life cycle of a project to ensure that quality solutions meet business objectives. Possessing a good team spirit, motivates the team, deadline orientated and having the ability to gather requirements and produce detailed technical specifications.

EXPERIENCE SUMMARY

I have a total of 3+ years of experience, of which 3 years of experience as a Salesforce developer in Hospitality Domain and around a year of experience as a developer in C++, Assembler and TPF technologies.

PROJECT SUMMARY

Employer	TCS (Tata Consultancy Services)	Client	Leading Hospitality Client
Carrier Span	Dec2016-Present (3 Y - 9 M)	Role	Team Lead
Responsibilities	✓ Primary role was Development and Unit testing. ✓ Preparation of Low-Level Design (LLD) Documents and Technical Design documents for each project. ✓ Writing test plans for QA and development of system test cases. ✓ QA support. ✓ Effective review system has been followed to ensure the Quality deliverables. ✓ Feature enhancement and handling change Requests as per client's requirements. ✓ Working with multiple vendors for End to End Testing. ✓ Coordinating with customers to understand the business requirement and to provide appropriate technical solution. ✓ Responsible to make sure on time deliveries. ✓ Provide support to resolve issues/queries ✓ Production support.		

ACCOMPLISHMENTS

1. In addition to technical activates I worked as Information security coordinator to manage account level security aspect.
