Phone: +91-9398434372

I am experienced professional looking to work in an organization, which provides the environment for growth with competent and strong leaders in Manual and Automation Testing Quest to associate with a business that provides newer opportunity to combine my knowledge, competencies and experience synergistically for Organizational and Personal growth.

KEY SKILLS

➢ **Manual testing:** Test case design, Test Execution, Bug Tracking and Reporting

➢ **Functional-Tool**
 : Selenium Webdrive, Eclipse

➢ **Framework**
 : Data Driven Framework, TestNG

➢ **Project-Management Software:** Maven

➢ **SCM Tool**
 : GitHub

➢ **Test Management tool:**
 : JIRA

➢ **Operating systems**
 : MS Windows family

➢ **Language:** Core java, SQL

➢ **RDBMS and Tool**
 : MySQL

PROFESSIONAL SUMMARY

➢ A skilled software professional with **5 year's** experience in Testing Web based applications using **Manual Testing** and **Automation Testing**.

➢ Handling Synchronization (Implicit, Explicit and Fluent waits), **Handling Popups**, **List Box** & **Actions**, **TestNG** & **Annotations**, designing **POM** (Page Object Model) classes

➢ Strong experience in the entire **Software Development Life Cycle (SDLC)** and **Software Testing Life Cycle (STLC)** and specialized in **Validation**.

➢ Strong exposure in **SDLC** which are **Agile Methodologies** and **Testing Techniques**.

➢ Knowledge in **Core java** concepts.

➢ Hands-on experience with **automated testing tools.**

➢ Hands-on experience in **black box testing.**

➢ Experience in **software quality assurance.**

➢ Experience in designed Functional decomposition **TestNG** framework.

➢ Expertise in locating elements using **XPATH** and **CSS**.

➢ Experience in creating and executing scripts in parallel and sequential using **Webdriver-TestNG** with **Java**.

➢ Experience in Build Management Tool which **Maven.**

➢ Experience in **Web Application Testing**.

➢ Extensive experience in **test design** and **execution**.

➢ Experience in **defect logging** and **tracking**.

➢ Proficient experience in **Test Case Design, Test Execution, Bug tracking and Reporting**.

➢ Thoroughly involved in different types of testing like **Smoke, GUI, Functional Testing, System Integration Testing, Re Testing, Regression Testing, and Browser Compatibility Testing**.

➢ Strong backgrounds in **manual testing**, with the ability to **plan**, **design**, and **execute test cases**.

➢ Knowledge over **Structured Query Language (SQL)**.

➢ Strong exposure with Bug Tracking Tools like **ALM, Jira** and on **Bug Life Cycle**.

➢ Experience in preparing **Tractability matrix** between **Requirements** and **Testcases**.

- ➤ Experience in Automation Testing using **JAVA** with **Selenium Web driver**.
- ➤ Good at **communication and interpersonal skills** backed up by sound professional ability to work independently as well as a team member, in a dynamic/multi-task environment.
- ➤ Excellent technical analytical skills as well as logical reporting skills.
- ➤ Solid knowledge of **SQL** and **scripting**.
- ➤ Experience in **Web Services, REST, API Testing** using **SOAP UI** and **POSTMAN.**
- ➤ Involved in executing **SQL Query** to perform **database testing** in SQL Server.
- ➤ Performing **internal reviews** and estimates.
- ➤ Commercial experience as a Tester within **Agile Development** environment.
- ➤ Good understanding of **Automation life cycle** and **Quality process**.
- ➤ Good Experience in **JAVA**, **OOPS Concept, Collections**, **Exceptions Handling**, **String Class**.
- ➤ Performed Cross browser testing using Automation through **Selenium Webdriver.**

PROJECT 1

Project Title	**Cell Gene Therapy**
Domain	**Health Care**
Tools	**Webdriver** with **Hybrid framework**, **Maven and Jenkins.**
Testing	**Manual and Automation**
Client	**GSK**
Role	**Test Analyst.**

PROJECT DISCRIPTION:

Cell Tracking: The Primary function of this module of the system will be to track and record the human biological sample used in the CGT manufacturing process and the genetically modified drug product at multiple stage and locations of the patient treatment center (clinic/hospital) and CMO (Contract Manufacturing Organization).

RESPONSIBILITIES:

- ➤ Analyzing & validating the completeness of business requirements.
- ➤ Generating the Test scenarios and Test cases.
- ➤ Generating **Regression** Test scripts by extracting the requirements that need to be tested fromavailable documentation.
- ➤ Developed **Automation Test Scripts**.
- ➤ Performed Smoke, Functional, System Integration, Re-testing, Regression testing.
- ➤ Involve in implementation **of TestNG framework** with **Webdriver.**
- ➤ Performed parameterization to implement **Data Driven framework**.
- ➤ Tracking and reporting the bugs using **Jira.**
- ➤ Participated in **Daily Scrum Meetings**.
- ➤ Prepared **RTM** (**Requirement Traceability Matrix**).
- ➤ Participated in weekly status meetings with the team, developers to discuss open issues and communicating with onsite team.
- ➤ Propose improvements to current practices ensuring that approved enhancement is fullyimplemented and the repeat errors are eliminated.

PROJECT 2

Project Title	**OREN -E- Market Place**

Domain	**E commerce**
Tools	**Jira**
Testing	**Manual and Automation**
Client	**Shell**
Role	**Test Analyst.**

PROJECT DESCRIPTION:

The objective of this project is to Automate Business Like between Buyer and Seller services like here Quotations pricing and Trading. It includes Customer related services like maintaining Customer details. The program will be co-promoted with Mining and will be implemented through different phases to accommodate the brand's launch to the market.

RESPONCIBILITIES:

➢ Understanding Requirements. Designing Test Cases Accordingly.
  ➢ Involved in Test Case Review meetings.
  ➢ Extracting Locators Values from Application in to Tracker, Updating Accordingly During Execution.
  ➢ In order to Prepare Driver Scripts, Developed Reusable Methods (Application Specific) Using web driver.
  ➢ Involved in Regression Suit Execution.
  ➢ Analyzing the Results During/After Execution.
  ➢ Reporting Defects.
  ➢ Involved in Re-Testing.

PROJECT 3

Project Title	**FuxionX**

Domain	**Mapping**
Tools	**Jira**
Testing	**Manual**
Client	**APPLE**
Role	**Test Analyst.**

PROJECT DESCRIPTION:

       This project deals with along the Land base from the Specifications. Aerial Images and Geo tips provided by the Client. Based on these guidelines provided by the customer we will capture the converted street centerline and road centerlines and highways; railroads are captured in Fusion X.

       The Purpose of the project is to review and update the attributes like Signs, speed categories, Direction of travel, Signage, Traffic signs, Lane categories, and all the relevant data that is helpful to the driver in the real world. These all activities would be done with the help of the source field verified data provided by the client in the form of drive data. We are cross-checking boards in drive and attributes coded in Fusion X.

RESPONCIBILITIES:

- ➢ Understanding Requirement Specifications and Design Documents of the application.
- ➢ Complete Black Box Testing to check for the stability of an application before going forward with Automation.
- ➢ Prepared Test Cases as per the System Requirement Specifications and Design Documents using Black box Testing Techniques.
- ➢ Tested Applications compatibility on different browser versions
- ➢ Performing Sanity, GUI, Functional, and Regression.
- ➢ Effectively participated in the status meetings.
- ➢ Providing daily / weekly testing progress/status reports and reporting to Management

CAREER SCAN

- ➢ Working as **Software Test Engineer** from **Mar 2022** to till date at **Foray Software Pvt Ltd, Hyderabad.**

- ➢ Experienced at **RMSI PVT LTD** from **MAY 2017** TO **March 2022**, **Hyderabad**

ACADEMIC DETAILS

- ➢ A qualified **Bachelor of Engineering** from **K L University**, **Guntur**.

PERSONAL DETAILS

- ➢ **Date of Birth**   : **11th Apr 1993**
- ➢ **Gender**   : **Male**
- ➢ **Marital Status**   : **Single**
- ➢ **Nationality**   : **Indian**
- ➢ **Languages Known**   : **English, Telugu.**
- ➢ **Hobbies**   : **Playing Cricket, Listening Music.**

DECLARATION

✓ **I declare that all the above furnished details are true to the best of my knowledge. I assure that I will be successful professional in your concern, by fulfilling my responsibilities.**
