## WORK EXPERIENCE

### Senior System Engineer Infosys Ltd.

10/2020 - Present

Hyderabad, Telangana

Sr. RPA Developer - GSO Consultant

#### Achievements/Tasks

- As a GSO Consultant for the client I am responsible for timely development and delivery of fully automated unattended bots developed in the Agile Scrum methodology to Production environment and perform UAT with the business teams prior to the release. I am also responsible for conducting Iteration demos and planning for the upcoming Agile sprints.

### Systems Engineer- RPA Developer Infosys Ltd.

01/2019 - 09/2020

Hyderabad, Telangana

RPA Developer

- As a RPA Developer I am responsible for developing high functioning and robust Unattended Bots which works over the client applications to compute complex problems and do manual activities like document download, resource management, rate updates etc. followed by detailed email updates to the user along with automated reports using RPA tools like Automation Anywhere V11, SQL Server and Python.

### Systems Engineer- RPA Support Infosys Ltd

08/2018 - 12/2019

RPA Support

- As a RPA support specialist i worked on providing RPA Bot support as well as environment support over QA and Production for more than 10 different processes working independently from offshore. During this period I also delivered scripts to do hygiene check prior to the BOT runs based on the schedule.
