INTRODUCTION

Data Engineer with 2 years of experience and strong gasp in Informatica Powercenter, SQL and Unix shell scripting. Have strong knowledge in Data warehousing concepts, ETL development, looking for similar role in progressive organisation.

EXPERIENCE

LUMEN TECHNOLOGIES | Data Engineer
January 2020 – Present | Bangalore
Project : Service Delivery Service Assurance
- Worked on Oracle SQL Database design structures, loading of data from various sources, performance tuning and Database migration activities.
- Worked on building Unix shell scripts on Bash, Perl for automation of various processes.
- Extensively worked on Informatica Powercenter for the staging of data from various sources to targets which include Oracle SQL, Microsoft SQL databases, Hive Impala, API sources, Salesforce sources, JSON, XML, Flat files.
- Hands on experience on scheduling tools like Control-M, Agile scheduler.
- Worked on setup, Development and Architecture of CI/CD DevOps pipeline for project on Git and Github.
- Been part of Agile methodology and day to day interaction with Business users, Onshore Senior Management
- Regular interaction with project managers, product owners, business users and system architects to understand requirements and implement the solutions.

August 2019 – January 2020 | Bangalore
Project : Data Warehousing Business Intelligence
- Collaborated with my team on ETL (Extract, Transform, Load) tasks, maintaining data integrity and verifying pipeline stability.
- Orchestrated designing, testing, support, and debugging of new and existing ETL and reporting processes.
- Hands on experience on Informatica Powercenter 10.2.0, Oracle SQL 19g, Unix shell scripting and PL/SQL.
- Developed, implemented, supported and maintained data analytics protocols, standards and documentation.
- Tested the designs to ensure the proper functioning of the system and fixed any issues that may arise.
- Performed impact analysis of changing upstream processes to Data Warehouse and Reporting systems

AWARDS AND RECOGNITIONS

- Got appreciations from Senior Vice President, Vice President and Senior Director of the organisation for commitment to excellence and being a changemaker for an important project.
- Got many recognition and spotlight awards from lead and reporting manager for hardwork and perseverance.

ACHIEVEMENTS

- Got selected in Top 100 projects of Karnataka state by KSCST Student Projects Program for the project "Development and characterization of paper waste filled Bamboo fibre reinforced polymer composites".
