PROJECTS

Connect Source

ROLE: SALESFORCE DEVELOPER

SOFTWARE: SALESFORCE.COM.

Company: **Cardinal Health**

Synopsis: The chronic/critical diseases require special drugs in US health care. Special drugs are not available in normal pharmacy shops in the US. Hence the patients need prescription from HCPs where they are prescribed for the special drugs which are available in certain pharmacy stores. With HCP prescription special drugs can be given to patients from pharmacy stores.

ConnectSource connects everyone involved in the process of providing special drugs to the critically ill patients. ConnectSource is a customer relationship management (CRM) tool used at Sonexus Health. ConnectSource stores and manages patient, HCP, pharmacy information, like contact and account information in one central location.
