<https://www.linkedin.com/in/shahabhi93>

☆ Network Automation | Cisco | Wireless | Network Security

## SKILLS

### Common

Switching • Routing • Monitoring • Cloud •

Network Automation • Firewall • Security •

Wireless • SD-WAN • Cisco • ISE • Linux •

### LAN/WAN

### Devices & Tools

Cisco IOS • Cisco Nexus • Azure •

Fortigate Firewall • Meraki WAP • AWS •

Meraki Dashboard API • 7Signal • PRTG •

Splunk • Scrutinizer • Netbrain • Python

### Protocols

EIGRP • OSPF • BGP • STP • VTP • CDP • DTP •

VLAN • LACP • HSRP • SNMP

## CERTIFICATION

### Python For Network Automation

AZ-900 : Microsoft Azure Fundamentals

Fortinet NSE 1, 2, 3

## EDUCATION

### Bachelor of Engineering

Birla Vishwakarma Mahavidyalaya

07/2010 - 08/2014

- **GPA - 7.29**
- **Project** : Home Automation using Gesture in Raspberry Pi
- **Training** : Basics of Networking by BSNL, Bangalore
- Managed many events at College

## SUMMARY

I am a network engineer with over 9 years of experience in the field of Networking, Security and Network Automation. I have successfully delivered complex network projects using Automation and Python. I have also mentored and guided junior engineers in their career development. I possess strong problem-solving, communication, and teamwork skills that enable me to work effectively with diverse stakeholders. I am looking for a role that will challenge me and contribute to your company's success.

## EXPERIENCE

### Network Specialist

12/2022 - 09/2023

#### LTIMindtree

Bangalore, KA

- Oversaw the daily operations of a multi-network & multi-vendor environment across 26+ international sites.
- Executed disaster recovery and business continuity solutions every year with effective planning and implementation.
- By developing a network automation framework, I enhanced scalability, efficiency, and cost-effectiveness and automated a manual task that saved over 6 hours of work weekly.
- Transitioned to cloud-based network infrastructure, cutting down on-site storage and hardware maintenance costs.

### Senior Network Engineer

01/2021 - 11/2022

#### Mindtree

Bangalore, KA

- Collaborated with vendors to identify best options for optimizing network performance.
- Managed, tracked, and coordinated problem resolution and escalation processes and provided detailed network diagrams.
- Assisted with implementation and support of network monitoring tools.

### Field Engineer

01/2020 - 09/2020

#### Jio

Bhavnagar, GJ

- Managed over 400 network devices for enterprise-level clients, including switches and routers.
- Resolved complex network issues for end-users using diagnostic tools and best practices.
- Planned, executed, and documented network activities and MOPs to optimize operations.
- Led infrastructure improvement projects to meet organizational needs.

### Field Engineer

04/2017 - 12/2019

#### Quess Corp. (Working for Jio)

Bhavnagar, GJ

- Installed and commissioned new network devices such as routers and switches.
- Troubleshoot network issues involving hardware, software, power, and communications.
- Assisted users in setting up and configuring over 200 network devices.

### NOC Executive

07/2016 - 04/2017

#### Pratap Technocrats Pvt. Ltd. (Working for Jio)

Bhavnagar, GJ

- Alerted relevant departments and personnel of any incidents or malfunctions using incident alert systems during and after work hours.
- Monitored and maintained network of 250+ devices according to established guidelines and best practices.
- Handled complex customer issues for implementation, add-on, maintenance, and support.

### ISP Engineer

03/2016 - 07/2016

#### TeamLease Services Ltd. (Working for Jio)

Bhavnagar, GJ

- Responded to service calls and identified equipment issues to ensure NOC efficiency.
- Prepared reports on network system failures and their causes and solutions.

### Trainee Engineer

05/2015 - 03/2016

#### Kutumbh Care Pvt. Ltd. (Working for Jio)

Bhavnagar, GJ

- Co-ordination with the engineers of RF Sections for rectifying radio network problems and improving network performance and quality.
