## PROFESSIONAL EXPERIENCE

---

### Birlasoft, Navi Mumbai, India

Jan 2022 – Present

#### Senior Software Developer

- Spearheaded projects in the organizational audit domain, ensuring compliance and efficiency.
- Led the development of full-stack applications using the MEAN stack (MongoDB, Express.js, Angular, Node.js).
- Played a key role in Configuration Management and Continuous Integration implementation.
- Developed high-performance user interfaces for mobile and desktop web applications using Angular.
- Utilized Node.js for backend development, implementing robust server-side logic and API endpoints.
- Leveraged MongoDB for efficient data storage and handling, ensuring scalability and reliability.
- Mentored junior team members, fostering a culture of growth and collaboration.

### Vernost Solutions, Mumbai, India

Dec 2019 – Jan 2022

#### Software Developer

(2 years, 1 month)

- Led multiple projects on AWS Cloud platform, focusing on EC2 and S3 services.
- Developed full-stack applications using the MEAN stack, ensuring seamless integration between frontend and backend.
- Utilized MongoDB for database management, designing efficient data schemas and implementing CRUD operations.
- Implemented robust solutions using Angular for frontend development and Node.js for backend.
- Leveraged Express.js for building RESTful APIs, ensuring smooth communication between frontend and backend.
- Utilized Angular and other JS frameworks to deliver quality code within tight deadlines.

### The Indian Trip, Mumbai, India

Oct 2018 – Dec 2019

#### Software Developer

(1 year, 3 months)

- Designed and monitored web pages for continuous improvement, enhancing user experience.
- Integrated user-facing components with server-side using RESTful Web services.
- Developed interactive user interfaces using Angular, ensuring responsiveness and usability.
- Utilized Node.js for backend development, implementing server-side logic and API endpoints.
- Leveraged MongoDB for database management, handling data storage and processing efficiently.

## EDUCATION

---

### Viva Institute of Engineering and Technology, Virar, India.

August 2015 - June 2018

- Secured **Bachelor of Technology in Computer Engineering**
- Relevant Courses: **Database Management Systems, Software Engineering, Object-Oriented Software Engineering**

## SKILLS

---

- Programming Languages: **JavaScript, Java, C, C++**
- Backend Technology: **Node JS**
- Frontend Technology: **Angular**
- Database Management: **Mysql, MongoDB**
