## **Projects:#1**

**Project Name** : Smart ERP  
**Client** : Rhysley  
**Environment** : Angular, Angular Material, RxJS, Html, CSS, Bootstrap  
**Role** : Senior Developer

### **Scope & Objective of the Project:**

Smart ERP software is meticulously designed to seamlessly streamline HR operations across multiple industries, branches, and locations. The advanced software provides a centralized system to monitor and control each branch's salary administration, attendance tracking, and employee's performance evaluation with real-time data accessibility. The Smart ERP solutions provider offers complete technical support to ensure that organizations don't face any complications during the implementation process as well as in day-to-day operations.

### **Major Responsibilities include:**

- Key contributor in the design and implementation of new features through sprints.
- Enhanced the application features to effectively fix the bugs, and optimized the performance.
- Implemented the ag grid features and wrote reusable ag grid cell renderer and cell editor components.
- Very good at debugging the finding the Root cause of an issue.
- Used Azure DevOps server for the sprints, code maintenance and deployments.
- Improved the code coverage by writing the unit test cases in karma and sinon JS.

## **Projects:#2**

**Project Name** : Sales Analysis System  
**Client** : Congra Foods, Georgia, USA  
**Environment** : Angular, Html, CSS, Bootstrap  
**Role** : Developer

### **Scope & Objective of the Project:**

The Objective of the Project was to view and manage the Sales of Products for Company Congra Foods, USA, which displays the sales records in the grids and allow the users to update the sales of products efficiently. By using this application users will be able to modify and update the sales records easily.

### **Project: #3**

**Project Name** : *Merit Age Homes Corporation Project*  
**Client** : *Merit Age Homes Corporation, USA*  
**Environment** : *Angular, Html, CSS, Bootstrap*  
**Role** : *Developer*

### **Project Description:**

Merit age Homes Corporation is an American real estate development company that constructs single-family detached homes across the United States along with communities and luxury real estate in Arizona.
