PROJECT DETAILS

PROJECT-1

Client : Guardian Life Insurance

Role : SFDC Developer

Duration : Feb 2017 – Apr 2018

Description :

The Guardian Life Insurance Company of America is a fortune 500 company founded in 1860 in New York City. It is one of the largest mutual life insurance companies in the United States. We are customizing and building Marketing, selling and servicing apps for this customer.

Responsibilities:

- Involved in different phases of development, configuration and integration of lead management.
- Working with standard controllers, custom controller and extensions accordingly.
- Developed the Apex classes, Visual Force pages, Batch Apex, Triggers as part of the Project requirement.
- Created workflow rules and defined related tasks, time triggered tasks, email alerts, filed updates to implement business logic.
- Created different Record Types, Page Layouts, Formula fields, Workflows and Approval Process.
- Developed and configured various custom Reports and Report folders for different user profiles based on the needs of the organization.
- Created page layouts, search layouts to organize fields, custom links, related lists, and other components on a record detail and edit pages.
- Developed Lightning components and Lightning apps to provide better and more interactive interfaces to end users, which help in sales enhancements.
- Developed the Apex classes, Visual Force pages, Batch Apex, Triggers as part of the Product Return in subscription Application.
- Worked with various salesforce.com objects like Accounts, Contacts, Leads, Campaigns, Reports, and Dashboards.
- Created workflow rules and defined related tasks, time triggered tasks, email alerts, filed updates to implement business logic.
- Used SOQL&SOSL for data manipulation needs of the application using platform database objects.

Environment: Salesforce.com CRM Application platform, Apex Language, Visual force (Pages, Controllers & Extensions), Triggers, Custom objects, Workflows, Approval processes, Email, Dashboards, Reports.,Lightning.
