Shubham Bindal

Java Developer, Tata Consultancy Services Ltd.| Bhubaneshwar
bindalshubham@rediffmail.com +91 8477917383

SUMMARY

Backend Developer having 2.8+ years of total IT experience in coding, implementing, testing and supporting applications with full Agility process. Additionally, I have also been involved in web deliveries for banking clients in my career span.

SKILL SETS

CONCEPTUAL: J2EE, Hibernate, Collections, spring boot JAVA Webservices

TEHNICAL

Programming	: JAVA 1.8, Hibernate, JPA, Restful Web Services.
Language	: JAVA 1.8
Database	: MSSQL, Oracle 11g
Tools/software	: AutoSys, Jenkins, Putty, Postman, GIT, Thunderhead/SmartComm,
Server	: Apache Tomcat v7.0, Oracle Weblogic
Repository	: Github, IBM Clearcase Explorer

EDUCATION

- B.Tech (CSE) ,GLA University, Mathura(U.P) , Aggregate - 76%

- 12th HSC UP Board , Aggregate - 76%

- 10th SSC UP Board, Aggregate - 87%

Project Experience (Current)

Project	**: Client Project**
Project Role	**: Developer**
Team Size	**: 12**
Languages used	**:** Java 8, JavaScript
Frameworks used	**: Spring Boot**

Project Description :

This application consists of multiple web services(SOAP and RESTful) which take JSON/XML from various consumers and process them to generate the requested document using a tool(SmartComm/Thunderhead), and deliver that document to various channels such as print, fax.

Project Responsibilities:

- Involved in various phases of Software Development Life Cycle (SDLC) using Agile Methodology and attended various Scrum meetings.
- Developed application using Java/J2EE platform. Implemented the Model View Control (MVC) structure.
- Implemented database connectivity using Spring JDBC framework to work upon different modules.
- Worked on exchanging data in JSON format between web application and backend
- Used collection framework, required Beans to store and pass data to front-end.

- Locating and devising solutions for bugs and maintaining code quality.
- Fixing software issues and documenting software development cycle phases.

Challenges:
- Working with distributed teams.
- Supporting new and old systems in the process of migration and development.

PERSONAL DETAILS

DATE OF BIRTH : 11 April 1997

LANGUAGES KNOWN : English, Hindi

Permanent Address : Deen Dayal Colony Behind Laxmi Cinema Kasganj (Uttar Pradesh) - 207123

LINKEDIN

https://www.linkedin.com/in/shubhamksj/

Other Technologies Known:
- C, Angular, Black-Duck, Fortify
- Have part of Cloud migration project where all the old server and system is migrated to DevOps technology.
