Professional Summary

- 2+ years of experience in Back-end Technologies.
- Hands on experience in C#.
- Comprehensive Knowledge in .NET Core.
- Strong experience on ASP.NET framework.
- Hands-on experience in MVC architectural patterns.
- Comprehensive knowledge in Rosie and Rosie DB.
- Hands-on experience in MYSQL.
- Strong experience on WCF.
- Strong experience on Web API's .
- Good with CI/CD Tools.
- Comprehensive Knowledge in OOPS, Data structures, Algorithms.
- Comprehensive Knowledge in LINQ.
- Good Exposure to Cloud Technology AWS.
- Experience in SQL Server database schemas and Stored procedures.

Experience:

- Worked as a Software Engineer at Trantor,Chandigarh.
- Worked as a Software Developer at Nielsen, Infopark,Cochin.
- Worked as a software developer Intern at Sysvein Technologies,Cochin.

Technical Skills:

- Programming skills : C programming, C#
- Frameworks : ASP.NET
- Database: SQL,MYSQL, Yellowbrick , Netezza
- Operating System : Windows, Linux
- Version Control System: Git
- Tools & Technologies: Yellobrick, Jenkins, SQL Workbench, Aginity Workbench for hadoop, Postman API, DBeaver, Filezilla,Visual studio code.

Projects:

Project 1: Lending Point

Trantor – Software Engineer

Nov 2022 - Present

Platform : Window 10

Language : C#

Framework : ASP.Net, MVC

Tools : Visual Studio Code

Database: MYSQL

Description:

Rosie: Script server.

Rosie DB: Interact with Database.

Third Party Outsourcing: Create a process where LendingPoint can outsource collection responsibilities to debt management companies that are already working with the customer.

This will allow Lending Point collection agents to focus on customers that are not currently being assisted. Creating files to send / receive information to / from Glass Mountain Capital & Phillips-Cohen, creating a secure server for the files to be exchanged, and new fields added to the CL Contract object to track information related to the new reports.

Client: Lending Point

Job Roles & Responsibilities:

- Developed a Web Application for taking personal loans for end-users
- Worked in Rosie (Script server) and Rosie DB (Interact with Database)
- Worked in Salesforce
- Updating database in Salesforce from Rosie DB
- Uploading and downloading files in Rosie

Project 2: Multi-touch Attribution

Nielsen – Software Developer

May 2021- Sep 2022

Platform: Window 10
Language: C#
Frame work: ASP.Net, MVC
Tools: Visual Studio Code
Database: MYSQL

Description:

Marketing effectiveness technique that takes all of the touch points on the consumer journey into consideration and assigns fractional credit to each so that a marketer can see how much influence each channel has on a sale.

Cost management: Cost /Amount of money the client spend on different Ads/campaigns. Client will provide the cost file as separate file and this cost module is used to integrate this data to the MTA modelling system.

Taxonomy Configuration: Taxonomy is structure of data that is externally to the clients.

Client : Dell

Job Roles & Responsibilities:

- Developed a Web Application to integrate and track all the touch points (Clicks, impressions, Conversions) from end-user
- Integration of Web application
- Worked on SA360 validation using Jenkins
- Uploading and downloading the files in the SFTP Locations
- Data Comparisons using database tables

Project 3: Anonymous and Traceable Group Data Sharing in Cloud Computing

SYSVEIN TECHNOLOGIES – Software Developer Intern
June 2020-Feb 2021

Platform: Window 10
Language: C#
Frame work: ASP.Net, MVC
Tools: Visual Studio Code
Database: MYSQL

Description:

To achieve secure and efficient data sharing in cloud environments and also enabling data sharing and storage for the same group in the cloud with high security and efficiency in an anonymous manner.

Roles & Responsibilities: Form design ,Database creation and Developed a Web application for data sharing.

Highest Qualification:

Cochin College of Engineering & Technology, Malappuram –
B.Tech in Computer Science & Engineering (August 2016 - May 2020)
Secured 7.09 CGPA.
APJ Abdul Kalam Technological University

Achievements and Awards: -

Amcat Certified Certification URL-
