Academic Qualification:

- B.Tech (ECE) from Jawaharlal Nehru Technological University Kakinada in 2016 with 66.66%.
- Intermediate(M.P.C) from Vijaya Junior College Machilipatnam passed in 2012 with 81.7%
- S.S.C from Z.P.H School of Board of Secondary Education, A.P in 2010 with 81.5%.

Certification:

Completed ISTQB Certified Tester Foundation Level 2018 (BCS ID: BCS104723)

Skills Profile:

Testing Tools	:	Selenium, Web Driver, TestNG, Playwright
Test Management Tool	:	Jira, Git
Database	:	SQL Server
Web Technologies	:	HTML, JavaScript, TypeScript
Programming Language	:	C and Core Java Basic
Operating System	:	Windows Platform
Documentation	:	MS Office

Project: (Current Project)

Title: Nuance SQE Microsoft

Role: To test the application according to the framework with specified standards to meet client requirements.

Environment: Jenkins Pipeline Running and Manual Validation, Automation Playwright

Responsibilities:

- Prepared Playwright test cases for automating the testing procedure.
- Trigger Jenkins Pipeline
- Involved in Mobile device Testing Android and IOS
- Security Ticket validation
- Reporting and Resolving Bugs
- Smoke and Sanity, Regression testing
- Release cluster validation UK And US

Project: 1

Title: Bank of Ireland

Client: BOI: CTB Development Projects T&M

Role: To verify the application and meet the Client requirements

Responsibilities:

- Generating the Test scenarios and Test cases.
- Generation of Regression Test Role: To verify the application and meet the Client requirements cases for the existing application.
- Executing Test Cases.
- Involved in running test cases and logging defects
- Involved in formulating test Summary Report.
- Performed Smoke, Functional, Regression and System Integration.
- Conduct Internal Test Case Peer Reviews.

Project: 2

Title: THRYVE MANATANCE AND SUPPORT

Client: THRYVE DIGITAL HEALTH LLP

Role: To conceptualize, design and deliver product or sustenance delivery through the team as per defined scope and standards in a particular technology

Responsibilities:

- Create and present materials for global users to understand and complete necessary tasks.
- Create reports as requested to address user and management queries.
