EXPERIENCE

Front End Developer
Manna Technology

📅 06/2019 - Ongoing   📍 Noida, India

Manna Technology is a local Technologies and Management Consulting Group. My job here was to work with our clients to develop great customized websites for local businesses.

- Develop web applications based on bootstrap and Javascript.
- I gave support to the client's multi-cultural team, providing feedback, clarifying requirements and helping with technical questions
- I worked as a front-end developer mostly working with HTML, CSS and jQuery.
- Keep the code and the features implemented by the other developers in accordance to the requirements.
