WORK EXPERIENCE

Scrum Master, Lirisoft, Indore
Feb 2021 - Present

- Scheduling and allocating work, providing advice and guidance, and resolving problems to meet technical performance and financial objectives
- Coordinate all Scrum Ceremonies including Sprint Planning, Daily Standups, Sprint retrospectives, Sprint Demos, Story Grooming, and Release Planning
- Assist in defining and deploying new product development processes and in facilitating the continuous improvement of existing processes
- Coaching and mentoring other Scrum Masters on our program team. Partnering to ensure that our ways of working are consistent across teams
- Liaising between developers and project stakeholders; fostering quality communication between engineering disciplines
- Bring ideas from professional facilitation, coaching, conflict management, mediation, theater and so on to help the team become a high-performance team
- Empower the team to make system and process improvements captured in sprint retrospective meetings
- Remove obstacles for developers and testers
- Use key Scrum metrics (burndown, velocity) to help deliver committed work
- Manage sprint backlog items and tasks
- Manage all Scrum boards (physical or virtual)
- Leads the teams efforts towards continuous improvement
