RAJ BADSIWAL

SUMMARY :-

Software professional with 2.6 year's experience in Application Deployment , Application support & Automating tasks by building application for internal use. Excellent in analytical skills and technical competency.

TECHNOLOGIES :-

- **Languages :** Linux |Unix shell Scripting , Python , Core Java.
- **Databases :** ORACLE, SQL, PL/SQL
- **Web Technologies :** Servlet, JSP, HTML, CSS, XML

- **Servers :** Apache Tomcat, JBoss
- **Operating System :** Linux , Windows
- **Tools :** PL/SQL Developer, SVN, Win SCP, Putty, Apache Ant and Maven.

SOFTWARE IMPLEMENTATION :-

Application Implementation & deployment of codes, Unit Testing, Application issue analysis and resolution in UAT and PROD environments across different clients, Application Development Reviews, Demonstration of developed application to client support teams and business analysts.

EDUCATION :-

- Computer Engineering   -July 2018

  Xavier Institute of Engineering, Mumbai University

- Maharashtra State Board of Secondary and Higher Secondary Education (HSC) -June 2014

  I.E.S Junior College, Maharashtra Board

- Maharashtra State Board of Secondary and Higher Secondary Education (SSC) -June 2012

  New English High School, Maharashtra Board

PROFESSIONAL EXPERIENCE :-

- **January 2019 to March 2019, Bigwin InfoTech Pvt Ltd. Goregoan, Mumbai**

  Technologies: Linux , MySQL, Asana (Ticketing System).

  Designation: Software testing and Technical Support.

  Role: Trainee Software Engineering.

- **March 2019 till Date, Accelya Kale Solutions Ltd. Vikroli, Mumbai**

  Technologies: Linux , PL/SQL , Core Java.

  Designation: Programmer Analyst
  Financial Solutions | Accelya Solutions India Ltd.

  Role: Implementation Support

Project :-

- **REVERA NEXT** – is a software product suite that provides revenue accounting for airline industry. It is built to take airline revenue accounting to the next level. It leverages enhanced workflows and real-time processing to speed up revenue declaration. A built-in operational and accounting controls framework ensures compliance to risk management standards. REVERA NEXT interline simplifies interline processes. It is designed to help airlines capitalize on the reengineering opportunities offered by SIS. It seamlessly connects with all revenue accounting and financial systems. Its high degree of automation minimizes manual intervention.
- **REVERA Release Portal** – is a web based application made using HTML, Servlet & JSP where upgrade patches are stored in zip format and can be uploaded and downloaded. It can store information of all clients current version of REVERA and the version they will be upgraded to.
- **Secure REVERA** – an initiative to protect REVERA (Specifically Production database and Linux servers) & provide the developer with and alternate efficient logging based mechanism to view codes and setup.
- Multiple applications were made to support Secure REVERA project e.g. **Password changer**, **Monitoring** for un-authorized logins, Implementing **Oracle Wallet** functionality to remove hard-coding of Passwords.
- **REVERA Installer** – a software to automate the process to install all the required components (Application side (JBOSS/Tomcat) & Database) for REVERA to work on application server.
- **Release Installer** – is a software product which fully automates the process of upgrading REVERA. It is made completely on the basis of Core JAVA.
- Various other automation specifically related to deployment of codes.

Clients :

Etihad Emirates Dubai, Qantas Airline Australia, Amazonas Airline Bolivia, Bangkok Airway's Thailand, Saudi Gulf Airline Saudi Arabia, Turkish Airways, Scoot Airways and 30 other Airways.

Activities :-

- Environment & Database setup for REVERA.
- Deployment of codes in DET , UAT & Production environment.
- Automation of daily manual tasks using Shell scripting, Java & Oracle.
- Maintaining codes used for implementation activities.
- Password changing for Production environment Database schemas using (ORACLE WALLET).

PROFESSIONAL ACHIEVEMENT :-

- Certificate on Secure Coding practices.
- Certificate and award for 'Above and Beyond Call of Duty' (ABCD).
- Achievement Award for work.
- Complimented for excellent analytical and interpersonal skills, excellent learner, and quality work with minimum rework.

Personal Interest :-

- Motivational and successful videos like TED TALK's
- Travelling and explore new adventures
- Share-Market

PERSONAL DETAILS :-

Name	: Raj Badsiwal
Permanent Address	: Plot No 151, Behind Bhomiya Mandir,Kherwadi ,Bandra (East). Mumbai – 400051.
Mobile	: 7710808050.
Email Id	: rajbadsiwal170596@gmail.com
Date of Birth	: 17 May, 1996.
Marital Status	: Un-maarried.
LinkedIn	: https://www.linkedin.com/in/raj-badsiwal-6abb9a161

I hereby declare that all the above details are true to the best of my knowledge.

Yours faithfully

Raj Badsiwal.
