What Makes Me A Good Fit ?

I am a salesforce developer specializing in Aura applications with 8 years of experience on salesforce platform. I have extensive experience in both sales & service cloud and have worked on multiple salesforce Development projects.

I have experienced in solution implementation for both development and support projects in nCino for 1.5 years.

I am very active in Trailhead and salesforce communities and constantly seek new knowledge. I am competitive and works hard to achieve my goals.

I hold a Bachelor of Technology in IT from Galgotia's college of Engineering and Technology, 2015.
