Hard Seth

Mern Stack

I am mern full stack developer . My specialities include quickly learning new skills and programming languages, problem solving, web site optimisation, and MVC (model view controller) method for organising code. so far i have learn Javascript , Html, CSS, Jquery, Typescript, React, Node, MongoDB , Git hub , MySQL. I have hands on experience in React , Node, Express, MongoDB. I'm still enthusiastically grabbing onto any other programming languages, frameworks, principles.
