Mobile: +91- 8520851209
Email : chaitubolla09@gmail.com

Certified Advanced and Master RPA Professional

PROFESSIONAL SUMMARY

- Overall 4+ years of experience including **Automation Anywhere** and **VBA** Automations in MS Office.
- Developed **25+ robots** using **Automation Anywhere**, leading and providing technical assistance to my team.
- Review code of all team members before sending it to CoE for approval, giving demos to onshore clients to move bots to Live/production environment.
- Conducted various **training sessions** on Automation Anywhere and VBA for team members in India, Singapore and Romania.

EDUCATION

- **B. Tech** from JNTU Kakinada

SKILL SET

RPA Tools	: Automation Anywhere 8.1, 9.x, 10.x, 11.3 : UI Path : Workfusion & Knowledge on Blueprism
Certifications	: Automation Anywhere Master Certified RPA Professional v11.3 : Automation Anywhere Certified Advanced RPA Professional v10.5 and v11.3 : IQ BOT Developer Certificated. : UiPath Certified Advanced RPA Developer, : Workfusion Certified on Essentials.
Programming Languages	: VBA, SAP Scripting
Database	: MS Access, Excel, SQL Server 2014

WORK EXPERIENCE

- Working as Sr.Software Engineer in **HighIQ Robotics** Hyderabad [Jul 2019]
- Worked as Management Trainee in **Genpact** Hyderabad [Jun 2017 – Jul 2019]
- Worked as Software Developer Associate in **Accenture**, Bangalore [Feb 2016 - June 2017]

Achievements & Co-curricular Activities

- Received below Awards at Genpact:
 - **Certificate of Recognition Gold Award** - Mar 2018
 - **Certificate of Recognition Silver Award** – Aug 2018
- **Certification of Appreciation** for exemplary performance, efficiency and commitment for Q3 2017 at **Accenture**

Projects > RPA

- **Automation Anywhere:**
 - Developed robots using **Internet Explorer** which includes below actions:
 - Logging into Web Applications using Credential Manager
 - Selecting required menu options and setting values to text boxes, combo boxes and clicking on submit buttons

- Handling Tree controls and multiple IE windows
- Reading values from tables, labels, clicking hyperlinks in required row of tables after comparing few values in rows of the table etc.
- Developed robots using **Excel** files:
 - Reading data from Excel files from different tabs, updating back the results
 - **Macros** to process raw data before using them in IE applications and drafting mails (as we can't provide email host details for security reasons) etc.
- Developed robots using **Desktop applications**:
- Incorporated Excel **macros** in bots wherever possible to improve their performance.
- We use different environments for development, testing (UAT) and production to store the code and JIRA for code movements, maintenance etc.

Projects > Macros

- **Reconciliation Tools:**
 - Developed reconciliation tools which compare data from different sources like SAP and extracts sent by clients through mails.
 - Different types of comparisons used are One to One, One to Many, Many to One and some cases of many to many rows.
- **Drafting Auto emails from Excel:**
 - Developed Auto email tools which drafts mails automatically by taking data from Excel (after processing raw data) and saves them in Drafts folder.
- **Dashboards/Templates:**
 - Developed Dashboards which takes data from different sources into different tabs and summarizes data in the Dashboard tab with required calculations and generates output file with only required tabs and with the predefined file name format.

PERSONAL INFORMATION

Name	:	Chaitanya Kumar Bolla
Address	:	Flat No: 209, Amina Complex, Opp survey of India, Uppal HYDERABAD – 500 039
Passport	:	Available
Languages Known	:	English, Hindi, Kannada and Telugu

I hereby ensure that the above furnished information is true to the best of my knowledge.
