Git	Illustrator
Figma	Inkscape

Education

Cochin University of Science And Technology(CUSAT), Cochin — B.Tech

June 2015 – May 2019

- B.Tech – Electronics & Communication Engineering.

About

As a front-end developer with a strong background in React, React Native, JavaScript, TypeScript, and CSS, I have a passion for building intuitive and visually appealing user interfaces. I am skilled in using Figma for UI design and

capabilities on the existing application using Javascript/Typescript and React.

- Recommend solutions for a streamlined, user friendly interface.
- Perform bug fixes and code reviews.

have a strong understanding of how to create a seamless user experience. In addition to my front-end skills, I have experience working with node-based backend stacks, giving me a well-rounded skill set that allows me to take on full-stack projects. Whether I am implementing new features or fixing bugs, I am always eager to tackle challenges and deliver high-quality results.
