## EDUCATION

---

### Bachelor of Engineering in Computer Science

Sinhgad College of Engineering, Korti, pandharpur

Aug 2012 – Jun 2016

## EXPERIENCE

---

### Application Development Senior Analyst

ACCENTURE, Pune, India

#### Skill: Salesforce, Vlocity CPQ

Jan 2021 - Present

**Scope of project:** The project involves automatic Pricing, Discounts, Catalog Page, Products (Offer, Product, Services) creation and Configuration. In this project we've worked on Product Modelling process which is called Catalog configuration process using Vlocity CPQ. Used VBT to deploy the product and its related data from one environment to other.

#### My Contribution:

- Worked majorly on Vlocity Product Console which mainly involves product modelling and configuration functionality which includes creating products, attributes, Picklists, Object types, Creating price List, Pricing variable and its binding, creating structure of product, having context rules for visibility of these product in cart.
- Worked on creation of more than 200+ offer configuration which includes 3 level bundle assignments in the cart configurations, and discounting for same. Worked on Vlocity Attribute Matrices and Vlocity calculation procedure to have attribute-based pricing in cart using default pricing plan
- Worked on Deployment tools such as change sets, git, used VSCode and VBT.
- Worked on Vlocity cards and Vlocity Template for the requirements which involved updates in the OOTB cart UI.
- Successfully completed 1 major release and 3 other release, earned accolades from client for on time quality delivery.
- Worked on Agile methodology for Product development.
- Worked on creation of Technical design documents.

#### Skill: Salesforce, Apttus CPQ

Nov 2017 – Jan 2021

**Scope of project:** The project involves automatic Quote Creation, Pricing, Cart Page, Catalog Page, Products (Bundle, Standalone) creation and Configuration. In this project we've worked on Product Modelling process using Apttus CPQ. Also, X-Author for Excel Apps were used for migration of these product to different environments

#### My Contribution:

- Worked majorly on NPI – Apttus CPQ Product Modelling and Configuration functionality which includes creating Product option group, Attribute Group, Product option components, constraint rules, Search Filters, Attribute Rules, Roll ups etc.
- Worked on creation of more than 5 complex Bundle configuration which includes 3 level bundle assignments in the cart configurations. Developed Products based on Categories, Option Groups, Attribute Groups, Constraint Rules, Attribute Rules.
- Implemented logic and created expressions for quantity calculation for product configuration and worked on Attribute based pricing.
- Worked on Deployment tools such as change sets, git, Jenkins, and Eclipse for Production Deployment.
- Also worked on the XAE Migration App which is used for migrating the product data from one environment to other.
- Successfully completed six major releases and earned accolades from client for on time quality delivery.
- Worked on Agile methodology for Product development and helped other BA's in requirement gathering and mockup creation for the same.

**Skill: Salesforce****Dec 2016 - Nov 2017**

**Scope of project:** This Project involved automating BUY and SELL Process. I worked on Salesforce platform functionality and helped modifying and creating the UI pages.

**My Contribution:**

- In this Project I've developed Visualforce pages, Apex classes to implement the client suggested changes.
- Also, used workbench for bulk Data migration of records.
- Received letter of appreciation from Client.

**SKILLS**

---

Strong Area	Apttus CPQ Product Configuration, SOQL, Vlocity CPQ Product configuration, Salesforce Admin.
Tools	MS Excel, MS Word, MS Power Point, Vlocity Build Tool [VBT], VSCode [Hands on].

**CERTIFICATION**

---

**APTTUS CPQ 201 *Apttus CPQ, Salesforce***

CPQ Platform Functionalities

**Salesforce Certified Administrator (SCA) *Salesforce***

Salesforce Admin Functionalities

**Salesforce Certified Platform Development (PD1) *Salesforce***

Salesforce Configuration and Platform development Functionalities

**AWARDS**

---

**Accenture Celebrates Excellence award! FY20**

Recognized during Q2, FY20 Individual award in the Client & Customer category!

**Above and Beyond Nokia Award! FY19****Above and Beyond Nokia Award! FY18**

Recognized to be a high performer and quickly gain knowledge of overall structure from both technical and functional perspective
