Web Services	: POSTMAN
Reporting Tool	: Extent Report
Database	: Oracle
Build Tool	: Maven
CI Tool	: Jenkins
Version Control	: Git, GitHub
Operating System	: Windows
IDE	: Eclipse

PROJECTS

Project Title	: Online Examination System
Team Size	: 4
Tools and Technology	: Manual Testing, Jira
Duration	: Nov 2019 to Jan 2020

Description:

This product provides the solution to the institute/Companies who want to conduct online exam for candidates as per scheduling timing with own system and contents.

Key roles and Responsibilities:

- Involved in System Study to understand the application.
- Involved in User Interface Testing, Functional Testing, Regression Testing
- Writing and Executing Test Scripts.
- Defect Reporting and Tracking using JIRA Tool
- Performed Retesting and Regression testing to validate the resolved defects.
- Involved in preparing defect status reports.

PROJECT 2:

Project Title	: TR Outlook and Gmail Plug-in
Team Size	: 1
Tools and Technology	: Manual, Jira
Description	: Feb 2020 – Feb 2020

Outlook and Gmail plug-in which is use to parse huge profiles into to application which can help to recruiter for recruitment process flow less and paperless.

Key roles and Responsibilities:

- Involved in System Study to understand the application.
- Involved in User Acceptance Testing, User Interface Testing, Functional Testing.
- Writing and Executing Test Cases.
- Defect Reporting and Tracking using JIRA.
- Involved in Client Interaction. Performed Retesting and Regression testing to validate the resolved defects.
- involved in preparing defect status reports

Project 3:

Project Title : Requirement Management Solution (HR Domain)
Team Size : 5
Tools and Technology : Manual, Selenium Web Driver, TestNG Framework
Duration : Feb 2020 – July 2020

Description:

It is an Application Tracking System (ATS) which enables electronic management of recruitment needs such as Sourcing, Streamline Interview, Offer Management System, Onboard Management, Employee Referral, IJP and Recruitment analysis etc.

Key roles and responsibilities:

- Gathered requirements documents such as business requirements and design document and other related documents.
