## WORK EXPERIENCE

### Full Stack Developer

Mindfire Solutions

10/2020 – Present

Bhubaneswar, India

#### PROFESSIONAL SUMMARY

- 2+ years of experience in researching, designing implementing, and managing web applications
- Managed and enhanced React applications with new features using packages like Redux, redux-thunk, react-router-dom, Axios, and material UI
- Enhanced the UI and code readability for many old school web apps using JQuery and Bootstrap 4.
- Implemented authentication and authorizations using JWT, Devise, OmniAuth, Twilio phone number verification
- Good grasp over Ruby(Meta-programing, Macros, Lambdas), Ruby on Rails (ActiveRecord, ActiveModel, ActiveJob, ActiveRecord, Cable, Assets Pipeline), MySQL
- Got chance to maintain and update staging and production servers and have some hands on experience with Docker and Capistrano
- Worked on uploading and retrieving large files like images, videos and docs to AWS s3 using s3 sdk
