

Rohith Valiveti

Operations

ABOUT ME

I have excellent expertise in supply chain principles. I had experience in production planning and worked for a year in the manufacturing industry. I was currently working as a Dedicated Operations Manager for Sanhith Foods since 2018 October. Experience in this position includes extensive work in procurement, store maintenance, negotiation, staff administration, store accounting, sales forecast analysis, human resources and cost charts. I have researched in the supply chain management and presented a conference paper on "Modelling of a selection of supply sources for hospitals" at IIE annual conference which was held in California 2016.

Core Competencies: Supply Chain, Game Theory, Nash Equilibrium, Microsoft EXCELL, R. Data Analysis.
